## Clear Lake Twp. moves ahead with picnic shelter plans

By Mark Kolbinger  
Contributing Writer

Although its construction is not a done deal, the Clear Lake Twp. Board approved funds Tuesday evening for engineering specifications for a picnic shelter that could be located at the township park. At last week's annual meeting, the residents of the township had approved of the concept of the shelter which could also receive the support of the Clear Lake Lions Club. Chairman

**BRENT BENSON** answered questions from the supervisors regarding his variance request at Tuesday evening's Clear Lake Town Board meeting. (Patriot photo by Mark Kolbinger).

Gary Gray looked further into the issue and found that because it is going to be a public structure, there needed to be an engineer's architectural plan accomplished before the plan could come to fruition. The supervisors unanimously approved \$2,500 to get the plan finished and even if construction doesn't happen soon, the plan would be available for whenever the process moved forward.

Preliminary construction estimates for the structure are in the \$25,000 range, meaning that the township would be footing the bill for approximately 10% of the project costs. Supervisor Bud Stimmler asked that Twp. Engineer Terrence Vander Eyk provide a site

## Coborn's partners with HHS to offer C-19 Vaccines

Submitted Article

(Editor's Note: The following article was a press release sent to the Patriot by Coborn's).

Coborn's, Inc., is offering the COVID-19 vaccine in partnership with the U.S. Department of Health and Human Services (HHS).

To ensure that all Americans have equal and adequate access, the HHS announced the U.S. Government's partnerships with large chain pharmacies and networks that also represent independent pharmacies and regional chains.

Through the partnership with network administrators, independent pharmacies and regional chains will also be part of the federal pharmacy program further increasing access to the vaccine across the country, particularly in underserved areas.

Coborn's Pharmacy is a participant in this program hosting clinics for Minnesota residents.

"The entire Coborn's team is honored to be on the leading edge of providing the COVID vaccine to members of our communities," said Jason Miller, Pharmacy

Clinical Program Manager. "We strongly recommend that everyone receive the COVID-19 vaccine when they are eligible to receive it."

Coborn's pharmacies will be offering a limited number of COVID-19 vaccines publicly to individuals 65 and older at their 20 select Minnesota pharmacy locations. Individuals who are interested in receiving a first dose of the COVID vaccine are being asked to schedule their appointment at [www.coborns.com/covid19](http://www.coborns.com/covid19).

Clinics will open to the public March 10 with subsequent dates following.

Appointments are expected to fill quickly and can be made based on eligibility and times available.

The vaccine will be administered at no cost to patients.

Coborn's, Inc. Pharmacy and its dedicated staff are working fervently to develop a strategic plan to organize clinics in its communities for equal and adequate distribution. As vaccine allotments become more widespread and high risk patients are

## GSL High School to open in Elk River

By Katherine Cantin  
Staff Writer  
Reporter.Katie@PatriotNewsMN.com

A new high school will be opening in Elk River this fall. Good Shepherd Lutheran High

part of the leadership team for the new school.

The school hopes to be able to offer education tailored to each individual student.

"At GSL, matching a student's gifts and talents with their interests

**LORD OF GLORY LUTHERAN CHURCH** in Elk River (just east of Big Lake) will be holding faith-based high school education classes this fall. (Photo from Google Earth)

School (GSLHS) will offer faith-based learning to students in grades 9-12. Classes will be held in the Lord of Glory Lutheran Church in Elk River.

### Faith in Learning

GSLHS integrates the Bible into all classes, with additional prayer time every day and weekly worship.

"The Bible is integrated into each class providing a solid foundation for faith and character building," said Melissa Lamkin,

allows students to seek a vocation with a purpose in mind," Lamkin said. "Every student has a vocational plan merging academics, interests, and experiences to create a complete high school experience."

### Extracurriculars, PSEO, and Other Opportunities

The school plans to offer many learning opportunities for students, including extracurricular activities, service learning, internships, and apprenticeships. The school has

## Grassroots movement making waves nationally

By Bill Morgan, Staff Writer  
reporter.bill@patriotnewsnmn.com

Several people in Sherburne County have begun spearheading a movement entitled Convention of States, a grassroots nationwide movement to elicit changes to federal and state government.

The volunteers are spending their time and energy to get the project moving forward. Recently, Brian Ellingson was selected as District 15B captain and other positions within the action are being sought.

Convention of States is a non-partisan, grassroots organization gaining ground in their charge to engage everyday citizens to impose fiscal restraints, limit powers

and establish term limits for all politicians. They boast a network of over five million citizens and patriots in Georgia, Alaska, Florida, Alabama, Tennessee, Indiana, Oklahoma, Louisiana, Arizona,

North Dakota, Texas, Missouri, Arkansas, Utah, and Mississippi have passed the COS application.

Article V of the Constitution

authorizes state legislatures to call a Convention of States to propose these amendments and to aid citizens in helping to curb the abuse of unsustainable debt, the crushing regulations on states and business with rising taxes, continued government overreach when it comes to one's health care and children's education.

The Convention of States is being played out in all 50 states with eight getting passage through one chamber, 15 being passed in resolution and nine having active legislation in 2021. It takes 34 states to call the convention and 38 to ratify any amendments that are proposed.

The Convention of States has grown 60% nationally in the first six weeks of 2021. Three hundred and seventeen people have signed the COS petition just in District 15B!

### Why a Convention Of States?

On page 6 of the COS pocket guide, it states "Washington, D.C., will never voluntarily relinquish its own power, no matter who is elected. The only rational conclusion is this: unless some political force outside of Washington, D.C., intervenes, the federal government will continue to bankrupt this nation, embezzle the legitimate authority of the states,

## BL Twp holds annual & regular meetings

By Katherine Cantin  
Staff Writer  
Reporter.Katie@PatriotNewsMN.com

Big Lake Twp. held their annual meeting and regular meeting on March 9 and 10, respectively.

### Annual Meeting

In addition to the board supervisors, clerks, and treasurer, three residents attended the Big Lake Twp. annual meeting. Resident Eric Rosa, who ran an unsuccessful campaign to become a board supervisor last fall, was elected to serve as the moderator of the meeting.

### Community Reports

The audience heard a summary about the town's finances and the Storm Water Pollution Program, both of which reported nothing but regular business.

Leah Hersh, Big Lake Twp's representative on the hospital board, gave a presentation on the state of the hospital for the last year. She said that vaccines are available at the Monticello Hospital for eligible patients. Hospital staff is excited to see a plateau in COVID-19 cases in the area, as this will hopefully be followed by a downward trend.

The hospital is also excited to welcome a new neurologist to its staff, and a new *Da Vinci* machine.

In the community, the hospital has helped to implement the Bike Fix-It station at the Northstar station in Big Lake.

On an unrelated note, Hersh encouraged community members to continue to donate their time and supplies to the Big Lake Food Shelf. Anyone interested in volunteering or who has questions about the program can contact the food shelf at

763-263-2432.

She asked for any hospital patients to share feedback about their experiences, whether positive or negative, as such feedback is invaluable to the hospital.

Bruce Aubol next gave a report for the last year in the township. In 2020, 42 new homes were built. Five elections were held over the course of the year. Recycle day was a success, as usual.

### 2022 Tax Levy

The assembly tentatively approved the 2022 at \$2,228,000. They then recessed the meeting until Sept. 9, 2021, when the final approval of the levy will take place, giving the board time to make adjustments and review the levy as deemed necessary.

The next annual meeting is scheduled for March 8, 2022.

### Regular Meeting

The regular meeting took place the next day, getting the board back to regular business.

### Sheriff's Report

Sgt. Aaron Sturn gave a brief report for the Sheriff's Office. He stated that the department had responded to 174 calls for service so far this year, which is down from 2020.

### Skynet

Skynet is putting infrastructure in the area for cable and internet. Clerk Brenda Kimberly-Maas asked if the board wanted to hold the company to the same rules as Midco, regarding how much escrow the township requires to be held during construction projects. Currently, the township requires Midco to have \$10,000 held in escrow, while Skynet is only required to have \$5,000

held. The board decided to not make any changes to this, as Skynet is working in a smaller area and doing less work.

### Board of Adjustment

Supervisor Bruce Aubol reported that the Sherburne County board of Commissioners is hoping to seat an incorporated representative on the County Board of Adjustment. An incorporated member refers to a city representative, rather than a township representative. Area townships would rather see a township representative on the board, since the issues the board deals with, reviewing variance applications and similar requests, disproportionately involve townships rather than cities.

Supervisor Larry Alfords suggested that all the board members write letters to the commissioner stating how they feel about the situation. Aubol encouraged township residents to do the same, although he is worried that the commissioners have already made their decision.

### Fish Fry

The Big Lake Lions Club will be holding their annual fish fry this year, but will do it drive-through style. The fish fry will take place next Friday, March 26, from 4 p.m. to 7 p.m.

### State Road Funding

Treasurer Ken Warneke stated that legislators are considering increasing funding for

THE BIG LAKE ANNUAL MEETING took place March 9. Individuals who helped to run the meeting included (from left to right) Deputy Clerk Jayme Swenson, citizen Eric Rosa, Clerk Brenda Kimberly-Maas, and Treasurer Ken Warneke. (Photo by Katherine Cantin.)

AFTER SOME DEBATE, BIG LAKE TWP DECIDED TO ALLOW RESIDENTS TO SPREAD OUT at the annual meeting, rather than offering to allow residents to attend online. Clerk Brenda Kimberly-Maas said she would have looked into allowing residents to attend remotely, had it been requested. Sitting in the audience is Supervisor Norm Leslie. (Photo by Katherine Cantin.)

township roads. This is a good opportunity for citizens to advocate for more funding to their townships.

Townships manage almost 40% of Minnesota roads, and yet, in Sherburne County, the vast ma-

jority of road funding goes to the cities.

## Warm weather brings vandals out in Santiago

By Mark Kolbinger  
Contributing Writer

The Santiago town board met last Wednesday and discussed several items related to the recent warm weather, including a return of the vandalism that has plagued the area in recent years.

Sgt. Andy Ochs of the Sheriff's Office was at the meeting to present the calls for service numbers for February, which included a total of 35 law enforcement contacts for issues from traffic complaints (five) to medical emergencies (six).

Within the past several weeks, supervisors learned that graffiti had again been painted on a township bridge and at least one sign, reading "stop sign ahead" had been stolen from a roadway, with others being vandalized. In addition, there was again four wheeler activity on some roadways with "donuts" being spun, but the remaining frost in the gravel had spared the road a worse fate.

The issue is not a new

one to the board, who has spent considerable time and money to rectify similar issues in the past.

"When we catch them, we have to prosecute them," said supervisor Jeff Pappenfus, noting the clean-up expense caused to all township taxpayers.

"This is wasting a lot of money."

Ochs and the supervisors discussed possible solutions to the situation, although it seemed many possible solutions had been tried over the past decade with little luck in determining the perpetrators.

Twp. road contractor John Herbst said with the recent warm weather, it will likely be only a matter of weeks before he will begin grading the roads and getting them in shape.

The board is planning its annual road tour April 5 immediately following the local board of equalization. At that time, the supervisors will get a better look at how all of the roads fared through the winter and plans will be made at that time to schedule main-

tenance such as crack sealing. They will also check the status of the township's signage and look for other damage.

### Fire Truck

Dave Dahlheimer of the Fire Dept. was at the meeting to discuss the sale of the old rescue rig, a 2002 GMC pickup truck. Before it is sold, a new title will need to be procured and then the township will set a selling price and process for taking bids on the vehicle.

The board expects to take action on the disposition of the truck at its April meeting.

### Zoning

Supervisor Dave Jehoich noted that no action items for the township came up at the last county zoning meeting, although there will be a couple of driveway permit applications in the near future.

Resident Will Stang appeared before the board seeking feedback on his plans for an addition onto his existing house which sits along Co. Rd. 16.

Stang's residence al-

ready sits over 100 feet from the roadway, but because 16 is a CSAH highway, the requirement for setback increases. His addition is planned to be towards the back of his house and therefore the board agreed to send favorable comment to Sherburne County, as they hold the final decision in the land use.

### Inventory

Jehoich next spoke to the board regarding a need to have a listing of all township assets for insurance purposes. The board felt they may have had such a list in the past but agreed that it would be a good time to gather an update. Over the next couple of months, the township will work on this inventory of town hall assets.

The next meeting for the township will be April 5 at 9 a.m. for the local board of equalization, followed by the road tour. The next regular meeting is scheduled for April 14 at 7 p.m.

## SMALL-TOWN COMMUNITIES LOVE THEIR LOCAL PAPERS

A recent study found that 67% of small-town residents read their local paper at least one time per week. Out of the participants, 78% said newspapers were their main source for information about local news, and 71% of participants said newspaper inserts motivated them with their buying decisions.

# Big Lake News

# Orrock holds annual meeting

By Katherine Cantin  
Staff Writer  
Reporter.Katie@PatriotNewsMN.com

During its regular meeting, the Orrock Twp. Board reviewed their recent annual meeting, discussed roads, held the annual board of audit, heard the Sheriff's report, and approved a variance for the Doherty residence.

### Roads

Town engineer Mike Nielson gave a report on what Orrock might see in road construction over the next couple of years. The town plans to take pavement samples this summer in order to get a head start on soliciting bids for work for the construction season of 2022.

The board reviewed projected road spending, and Nielson pointed out there was an expected jump in spending in 2027 and 28. However, getting work done now instead of waiting could smooth that bump down significantly.

Nielson also discussed the possibility of letting 180th St. revert to a gravel road, since it doesn't service many residents.

### Treasurer's Business

The township held its annual board of audit. The treasurer, Gary Goldsmith, provided each supervisor with a list of expenditures, then asked them to pick out three receipts and three disbursements, which he then located among his files in order to prove the expense was properly processed.

He noted that each board member is given a list of expenses monthly, and he strongly encourages them to look at the list carefully. He said that a clerk in Vermillion Twp (Dakota County) was recently found guilty of embezzling \$650,000 over the course of eight years. Goldsmith said he doubted Orrock would ever be in any kind of similar position, just from the way they are set up, but he nonetheless encouraged the board members to make sure expenditures were all on the up and up.

Next, the board reviewed the 2021 budget framework. The framework outlines what the township expects to spend over the next year, but doesn't prevent the township from spending more or less than the budgeted amount.

The budget helps the township determine the tax levy, which is approved at the annual meeting.

### Sheriff's Report

It was a quiet month for the sheriff's department. The department continued to investigate fraudulent checks and unemployment fraud. As always, officers encourage citizens to never give their personal information over the phone.

Most traffic violations in Orrock took place on County Roads 4 and 15, and in the 30 mph zone in front of the gas station.

### Doherty Variance

Mike and Ashley Doherty requested the board approve a new variance for their home. The couple recently found that the house is sinking and needs a new foundation, and decided that, while they were at it, they might as well add an addition. The planned addition didn't come near the right-of-way, and so the board sent positive comments on to the county, who will also need to approve the variance.

### Orrock Annual Meeting

Orrock's annual meeting took place the week after the regular meeting, on Tuesday, March 9. All board members were present, as well as the clerk, the treasurer, town engineer Mike Nielson, and two citizens: Anna Dirks and Luke Masica. Supervisor Bryan Adams was elected to be the meeting's moderator.

### 2020 Overview

Adams gave an overview of 2020 for the benefit of the audience. The estimated population of Orrock is 3,856, with 22 new home permits being issued last year.

J. P. Brooks company

is developing the Shores of Eagle Lake development, and already six lots have been sold, sight unseen.

The town hall received an audio/visual upgrade toward the end of the year to allow supervisors to attend meetings remotely. This was thanks to the CARES Act funding. Other CARES funding went to benefit the Big Lake and Zimmerman/Livonia Fire Station, local schools, and other organizations in the community.

Supervisors Eric Peterson and Corrie Silverberg retired from their positions, and Gregg Felber and Janine Arnold joined the board.

Since the town hall did not have the capacity to host the elections of the last year while also allowing voters to socially distance themselves, elections were successfully held in the snowmobile trail shed instead. Of the total number of registered voters in the township, 57% chose to vote in person, and 30% voted absentee.

### Fire Stations Reports

Supervisor Paul Ellinger gave a report on the Zimmerman/Livonia Fire Dept. A new fire station is close to completion. The station would also house an event center with an event coordinator staffed. Last year, Orrock Twp. donated funds to the department to purchase new turnout gear for the firefighters.

Clerk Chris Weber gave a very brief summary for the Big Lake Fire Dept. Or-

rock Twp. donated CARES funding to help purchase an extractor machine to help clean and sanitize equipment. Weber said a more in-depth summary would come at a later regular monthly meeting.

### Town Hall Building Update

The Town Hall building was inspected last year, and it was apparent to the board that some changes will need to be made in the near future. The building is in good shape, despite its old age, but it can no longer support an election. The board members have considered adding an expansion to the building, essentially doubling its size. The board also considered creating a fire substation which would be connected to town hall, though this project was dropped quickly after seeing the cost. Regardless of what the board decides, no action is likely to be taken for a few years, at least.

### Roads Summary

Last year, \$721,000 was levied for the road and bridge fund. Of that, \$718,390.33 was actually received to use towards that purchase. The total cost of all the road projects for 2020, before engineering fees, was \$481,962.83. The expected cost of 2021 projects, which includes several overlays, will be slightly lower, at \$405,773.

As promised earlier in the year, Supervisor Adams asked the attending citizens to give their opinion on adding swing-away mailboxes

around the township. The cost of the mailboxes would be added to the town's budget, and the town would pay for the initial installation of the mailboxes, but not to replace or maintain them. With the swing-away mailboxes, it is less likely for a snow plow to knock them out, and the snow plows are able to plow much closer to the curb, so residents have less to shovel themselves. Residents who preferred not to have swing away mailboxes would not need to accept one. Of the citizens in attendance, neither had any issue with the addition of swing away mailboxes.

### Approval of the 2022 Tax Levy

The tax levy was recommended to be \$1,008,000 for 2022. This is up by 3.4% over last year. To continually raise the levy by 3-3.5% each year, taxpayers without significant increase in property value will see their township portion of taxes either remain the same or decrease each year, due to value being added to other homes and in new homes. That rate will also allow Orrock to prepare for road reconstruction down the road without needing to create a dramatic increase in taxes.

The levy was approved by the citizens.

### In Other Business, the Board:

- Changed the November meeting to Nov. 17 at 7

p.m., since it was otherwise scheduled for the day before Thanksgiving.

- Allocated \$100 to be spent on a locking file cabinet for the clerk;
- Allowed Supervisor Paul Ellinger to take the lawn mower for repairs, so it is ready when the warm weather comes.

- Scheduled the next annual meeting to take place March 8, 2022 at 7 p.m. in the Orrock town hall.

## NEWSPAPER ADVERTISING DRIVES ACTION

A study by NAA found that 81% of adults acted upon a coupon or call to visit a brand's local store after seeing a newspaper ad in the past month. Over half of these consumers made a purchase because of the call to action. The study also found that newspapers ranked the highest of all other mediums as the source people use to plan for shopping.

Out of all the options, direct mail inserts scored the highest with 81% of adults saying they acted in the past 30 days after seeing an ad. Seven out of 10 respondents also said they regularly perused newspapers and magazines to seek out inserts. Even consumers who considered themselves "non-readers" used newspapers to find and cut out coupons, compare prices, and seek out sales in their local stores.

## Minnetonka woman arrested in Big Lake

Submitted Article

(Editor's Note: The following article was sent to the Patriot as a media release).

March 6, at approximately 12:48 a.m., Big Lake Officer Tyler Hecht observed a vehicle with a large, non-transparent decal in the rear window and whose registered owner had a revoked drivers license.

Officer Hecht initiated a traffic stop and made contact with the three occupants. Officer Hecht could immediately smell the odor of marijuana coming from the inside of the vehicle. The driver admitted to smoking marijuana earlier that day.

A search of the vehicle resulted in the discovery of a red and black handbag on the back seat next to where the rear female passenger had been seated. The female was identified as Heidi Schliesman, 31 of Minnetonka. Inside the handbag, officers located two baggies of suspected methamphetamine. Additional white powder, suspected to be a controlled

substance, was also located in the handbag, along with a piece of mail bearing Schliesman's name and address.

The suspected methamphetamine field-tested positive for methamphetamine and weighed 39.1 grams. The white powder substance was sent to the laboratory for analysis due to concerns it may contain fentanyl.

Schliesman was arrested and transported to the Sherburne County Jail. Schliesman was charged by criminal complaint with; Felony 2nd Degree Possession of a Controlled Substance.

CL TWP from page 1

drawing for the location of the shelter, as well as several parking stalls that could service the area. Eyk stated that he would secure a topographic survey of the area to aid in the exact placement of the shelter and he also added that fencing would need to be done around the drain field area of the septic system.

The supervisors agreed to move forward with the project as it could add a nice amenity to the park and additionally provide a service to township residents looking for a place to hold a gathering outdoors.

## Roads

Eyk's report to the board included information that the LRIP grant had been submitted, but the State of Minnesota had postponed a final decision on awarding funding until perhaps the end of June because the state had received 471 applicants for the program. Because \$75 million had been allocated by the state for this year, it is expected that there will be fierce competition for the funds.

Eyk said that the bid letting for the Sherwood Shores road construction had listed a July 6 approximate start date, but he is hoping to work with the contractors to accelerate that timeline because it will be a full depth complete reclamation and that process is more efficient when it is done when the road mat is at colder temperatures.

April 15 and 16, the township is planning to hold meetings with the residents of Sherwood Shores to discuss the road project in detail. All affected property owners will be receiving a letter around the 1st of April regarding the meetings and they will be asked to sign up ahead of time for an in person or Zoom registration. The board is hoping to have as many of the 77 affected residents attend as possible so there is clarity around this summer's project which will rebuild the roadway in the Clear Lake Twp. portion of the development. As of now, Haven Twp. does not appear to have plans to reconstruct their portion of the road.

Next, Gray spoke of his efforts to gain some clarity on the Co. Rd. 53 project that involves Sherburne County and the City of Becker. There have been conflicting reports of some of the plans for the road so Gray is working with Commissioner Felix Schmiesing to arrange a meeting to discuss how the project could affect all participating entities.

In the last bit of road news, it was decided that Eyk would join Stimmler to conduct this spring's road tour and report back to the group. Usually, the tour involves the rental of a van and as many as 10 people participating in the meeting. However, because of covid it was felt that the two men could accomplish the task this spring and the fall tour will be re-evaluated for safety and social distancing needs at that time.

## Variance

Township residents Brent and Tamara Benson appeared before the board seeking a variance for the partial tear down and construction of their home on Long Lake Lane. The variance is needed because of the home's proximity to the lake, however the new construction will be within the same existing footprint and no closer to the lake than the current structure. The Bensons have planned several improvements to their property, including reducing the percentage of impervious surfaces and also augmenting their erosion control.

The board approved a favorable recommendation which will be sent to Sherburne County zoning authorities.

## Clerk Position

In a final agenda item, Gray announced that Clerk Peggy Berger will be leaving the position after two years of service. Berger has accepted full time employment elsewhere and both she and Gray stated they had a discussion and felt that the time commitment would be too much for her to continue in the role.

Gray thanked Berger for her service and wished her well in the future before appointing Gary Anderson to be the temporary Acting Clerk until such time as a future course of action is decided upon by the board.

The board will meet next at its Local Board of Equalization April 7 at 10 a.m.

# COVID relief funding in schools is a problem

By Katherine Cantin  
Staff Writer  
Reporter.Katie@PatriotNewsMN.com

At the most recent Becker School Board meeting, Superintendent Jeremy Schmidt stated he was continuing to investigate the allocation of ESSER II funding, and what could be done to more fairly distribute the funds to the schools that need it. Following is an article which explains what ESSER II Funding is and why local superintendents are upset about the fund distribution.

## What is ESSER II Funding?

ESSER (Elementary and Secondary School Emergency Relief) funding is government funding to help schools pay for unexpected costs due to the COVID-19 pandemic. Congress awarded about \$13.2 billion in ESSER I funding to schools around the nation, while ESSER II funding (the most recent round of funding, which will be the subject of this article) awarded \$54.3 billion nationwide. These funds were allocated to schools using part A of Title I of the Elementary and Secondary Education Act of 1965. This is the act that later created the framework for the "No Child Left Behind" act. Title I refers to the provision under the act which singles out schools that have low-income families to receive more funding. In other words, school districts with high poverty levels receive more funding.

## Title I Vs. Title II

The problem, according to Becker Superintendent Jeremy Schmidt, was the decision to use Title I to guide the distribution of ESSER Funding. While Title I is a good model for normal school funding throughout the year, as it helps impact impoverished students, Schmidt argues that this was not the way to go for COVID-19 relief funding.

"Every school has been affected by COVID," Schmidt said. "Every student, every facility, every staff."

Schools all across the nation were forced to shut down due to COVID-19, regardless of the income level of those schools' families. Many students are struggling due to the lack of face-to-face interaction with teachers.

This is why Schmidt believes that Title II funding should have been used to

**SUPERINTENDENTS JEREMY SCHMIDT (TOP) AND TIM TRUEBENBACH (BOTTOM) are fighting to see that COVID-19 relief funding is distributed fairly to Minnesota Schools.**

determine the distribution of funds. Title II, alternatively, is designed to support teachers based on student population and poverty counts. So low-income area students are still taken into consideration, but so is the number of students who attend each school.

## Unbalanced Funding

This issue slid under the radar for the first round of funding, since only \$13.2 billion were distributed to all the public school districts in the country, while nearly four times that amount is being distributed in the most recent round of funding, with nearly \$1 billion being distributed in Minnesota alone, so differences in allocations are much more visible.

"The largest district in the State of Minnesota, The Anoka-Hennepin School District is receiving \$17,000,000 in ESSER funding compared to the second and third largest districts receiving \$100,000,000 each, yes each!" Schmidt said. "Are you aware there are schools with under 300 students receiving about \$600,000 while schools with over 6,000 students are receiving under \$500,000?"

In the above statement, Schmidt is comparing College Preparatory Elementary against the STMA School District. When there is \$1 billion in the pot for state schools, it makes the gaps

in funding much more visible. A total of 40% of all the ESSER II funding in the state is serving only 7% of the students.

## Schools Struggling

Jeremy Schmidt is not the only superintendent worried about the situation. Big Lake Superintendent Tim Truebenbach is also concerned about how he will secure funding for his district.

"If the state doesn't come through with at least an inflationary increase [in general funding], we will struggle," Truebenbach said. "My biggest concern centers around our loss of enrollment. I just read in the *Star Tribune* that the average enrollment loss in Minnesota is 2%. Big Lake is currently down by 2.65%. Fewer students attending our schools equals less revenue to our schools. Less revenue to our schools equals less likelihood to be able to afford offerings. If this continues, all schools across Minnesota will struggle."

If all schools in Minnesota are struggling with enrollment being down, and with students being absent from the classroom, these two local school leaders feel that the ESSER Funding should have been used to more fairly compensate schools for their struggles, rather than give disproportionately to low-income districts. This was the opportunity to help the schools all around the state who had been struggling with the impact of COVID-19, but it was handled as though it was a bill to help low-income students instead.

## How to Fix the Issue

Schmidt says that Governor Tim Walz has the power to shift the funding model from Title I to Title II.

"Our students need a leader like Governor Walz to continue to stand up and fight for them," Schmidt said. "[There] is more than enough evidence to show how this is an unfair distribution of our country's money being used to help out in this time of COVID."

Any citizens interested in trying to help the situation should contact the Governor's office at 651-201-3400 or by filling out the contact form at [mn.gov/governor/contact/](https://mn.gov/governor/contact/) (though Schmidt noted that he has not received a response from filling out the form.)

## Endangered No More

Last week, along with the clamor of red-wing blackbirds, I heard loud gargly noises coming from the slough behind our house and knew that spring had finally arrived. What was making the strange sounds? Sandhill cranes returning from their southern migration.

My husband calls them the pterodactyls, not only because of the prehistoric noise they make but because of their huge shapes when they fly overhead. Adult sandhill cranes are large and formidable, with seven-foot wingspan and standing up to five feet tall. They have long bills, long necks, and long, leathery legs.

I feel blessed to have these noisy neighbors. Like many species, sandhill cranes were close to extinction by 1900 due to settlers moving west. They were hunted for food and their beautiful feathers, their habitat converted to farmland. Luckily the Migratory Bird Treaty Act was passed in 1918, making it illegal to hunt birds that migrate, and states began to pre-serve areas where they live and breed. Today's sandhill crane populations healthy, with around 15,000 of them in Minnesota.

I find sandhill cranes fascinating, especially because of their "dance." You haven't seen a mating ritual until you've watched sandhill cranes. During courtship, they bow to, flap their wings and bounce into the air. They bob up and down on one leg, touch beaks, and extend their bills up to the sky.

They're not shy about it either. I once saw a pair dancing in a ditch just outside of Clearwater. They went about their business, completely ignoring me as I drove by.

As I was listening to the cranes' loud calls last week, I realized there are actually

By Penny Leuthard,  
Contributing Writer

a number of species living around me that have recovered from near extinction, such as trumpeter swans and bald eagles.

Like sandhill cranes, trumpeter swans were also over-hunted by settlers, with the last breeding pair in Minnesota noted in 1885. Reintroduction efforts in Minnesota began in 1966, and today they nest throughout much of the state. Even so, they're still on the state's threatened species list due to threats like loss of habitat and illegal shooting.

Sadly, lead poisoning from ingesting lead shot and fish sinkers is actually responsible for around half of the trumpeter swan deaths in the Midwest. Like many, I was thrilled when the huge birds first came back to this area not that long ago. Like others, I was also dismayed when it was discovered that a number of them had died after ingesting old lead shotgun pellets along the open-water channel between Clearwater Lake and Grass Lake in 2007. Although nontoxic shotgun pellets have been required for all waterfowl hunting in Minnesota since 1987, the area had long been a popular duck hunting spot and was filled with old lead shot.

I was torn when the DNR announced they would be working to discourage the swans from

overwintering in that area. I didn't want to see the beautiful birds poisoned, but I also didn't want them to leave now that they'd finally come back.

Luckily, the trumpeter swans haven't left. Every day, summer through fall, small flocks of the birds fly over our property, honking noisily as they head to the fields in the mornings and then back again in the evenings.

Bald eagles are another success story. I remember hearing about their decline when I was still in school, how they'd first started losing numbers due to hunting and habitat loss, which became worse after World War II due to the rampant spraying of DDT. Eagles contaminated with the pesticide began laying eggs with shells so weak they often broke during incubation or didn't hatch at all.

In large part because of the book published by Rachel Carson in 1962, *Silent Spring*, DDT was banned for most uses in the U.S. in 1972. The ban, along with efforts to protect eagle habitat, brought them back from near extinction. In 2007 it was removed from the endangered species list and is again found throughout our country.

Today there are a number of bald eagle nests close to where I live. In fact, when the trees are bare of leaves, I can actually see one from my yard. The majestic birds are an amazing sight soaring the skies in search of prey.

It's inconceivable to me that there are people who don't support endangered species acts. I don't ever want to wake up to a spring without the gargling of sandhill cranes, the honking of trumpeter swans, or the shrieks of bald eagles. I prefer the noise.

## Letters To The Editor

### TO THE EDITOR:

Kim Noding for City Council.

I can't think of a person better suited for a seat on the Big Lake city council. It's clear from her resume of accomplishments (check out her web page) that she has more than the necessary foundation and experience, but more than that, she really WANTS to be involved and to make Big Lake be the best city it can be.

I have spent many hours with her and our former Mayor, discussing how to move forward with the city. She has Big Lake in her soul. Let's give her the chance and the tools to carry out the dream of Big Lake at its best.

**Ramona Voight**  
Big Lake, MN

### TO THE EDITOR:

#### We Need a Better System

Newspapers. . . what are their purpose? To provide us the "news" of what has happened, and to alert us to upcoming events. How many of you know when and where the School Board is meeting next? How about the next Sherburne County Board of Commissioners? The citizens should be aware of what our elected individuals are "about to do" so that we can provide input into their decisions, and not just learn about it after the fact when it may be too late. I'm talking taxes, curriculum, roads, laws, etc. How many of you knew that your Township had their Annual Meeting on Tuesday March 9th, where they discuss the upcoming budget for the next year?

I went back through the local papers and I did find one paper that published an Annual Meeting notice hidden in the back among foreclosure notices and assumed name notices, but really who reads that section of the paper? Along with advertisements for Fish Fry's, AA meetings and high school basketball games, there should be a standalone 4x4 box that simply lists the date, time and location of all upcoming County/School Board/Local

Government meetings which are open to the public.

**Bret R. Collier**  
Big Lake, MN

### TO THE EDITOR:

In last week's *Patriot*, Editor Bill Morgan gave his readers an article citing numerous examples of attacks on Christianity and culture. Who can disagree? Frustrated by unsustainable debt, crushing regulations on businesses, rising taxes, continued government overreach? **Washington is "Broken"** and will never limit its power.

Bill encouraged us to pick up our stones and stand up for our beliefs .... **What can you do?** That stone is right under our eyes in Article V of the Constitution called the **Convention of States**. **COS Project is a non-partisan**, united grassroots movement dedicated to building an engaged army of active citizens working to pass a **COS Resolution in MN**, and every state.

Our founders had the foresight to give us a tool to **safeguard our liberties**. Article V of the Constitution authorizes the state legislatures to call a **COS to only propose amendments that would:**  
**Impose fiscal restraints on the federal government**  
**Limit its power and jurisdiction**

## Future Peacetime Emergencies

*(Editor's Note: The following article was unsolicited from the office of Sen. Mary Kiffmeyer of Big Lake).*

Monday, the Senate passed legislation on a tri-partisan vote of 38-29, that would reassert a fair balance of governing power between the legislative branch and the executive branch during future states of emergency.

The bill would require the Governor to obtain legislative approval to extend any emergency declaration beyond 30 days. The governor has access to many emergency departments for vaccinations, like public health for example, without using emergency powers.

Current law allows the Governor to extend a peacetime emergency indefinitely for 30 days at a time and only grants the legislature the option to cancel emergency powers with a majority vote of both the House and Senate. Forty other states are looking at modifications of emergency powers after the excessive use nationwide, but when Senate Republicans ask for a timeline of

By Mary Kiffmeyer  
State Senator

when the emergency powers will end, Senate Democrats have failed to answer.

Over the past year, Gov. Walz has used his emergency powers to exclude the Legislature when it comes to making important decisions that have impacted each Minnesotan. It is truly disappointing that regardless of what the Senate and legislature has done, the Governor has chosen to keep emergency powers to himself. Minnesotans deserve better.

Our state has been under peacetime emergency powers for just over a year now. The Governor has offered to end his emergency powers, but only if legislators agreed to pass

a laundry list of partisan demands first. That is not working together. Walz chose to start emergency powers, and it is his job to make proposals to end this unilateral decision-making. Unless, that is, he finds it too pleasant and just wants to continue with his one-man rule.

### Other Provisions Included In The Legislation:

The bill requires the Governor to give three days' notice to the majority and minority leaders of each body if the governor intends to extend a peacetime emergency when the legislature is not in session.

The bill prohibits the Governor from canceling an emergency order and issuing a new declaration for the same emergency in order to avoid approval by the legislature.

The bill clarifies that if the Governor declares two peacetime emergencies concurrently, the same legislative approval of any extension past 30 days is required for the second emergency.

## Walz's COVID Dial Turn

*(Editor's Note: The following article was unsolicited from the office of Sen. Andrew Mathews of Princeton).*

Friday, I released the following statement in response to Governor Walz's loosening of restrictions:

Minnesotans have been held under Governor Walz's unilateral rule for an entire year. As immunity grows and more Minnesotans who want vaccines receive them, we

By Sen. Andrew  
Mathews

shouldn't be continuing this

one-man rule. This turning of dials, as he calls it, is counter-intuitive and is just controlling the people of Minnesota. It's disappointing to see that after a year of this, Walz still refuses to work with the Legislature or our communities on a plan to end the emergency powers. It's time for the powers to end, and I call on the DFL House to join the Republican Senate in a vote to end the powers.

# 5 ways to spark your child's interest in STEM

StatePoint

(3M Sponsored Content).

The past year has re-  
vealed many things, and  
among them is the extent to  
which we rely on science to  
solve problems that impact  
our everyday lives. Scien-  
tists everywhere are mak-  
ing science cool and are an  
inspiration to kids. Children  
represent the future and are  
tomorrow's scientists, so  
it's in all our interests that  
they develop a love of sci-  
ence.

As kids continue to  
learn virtually, however,  
the lack of connection to  
their teachers and peers  
can make it challenging  
for parents to find new and  
exciting ways to keep kids  
engaged.

These challenges come  
at a time when it's never  
been more important to  
encourage kids to lean-in  
to science. According to  
an independent research  
study, the 3M State of Sci-  
ence Index, 74% of people  
are more inclined to believe  
that the world needs more  
people to pursue STEM-re-  
lated careers to benefit our  
future society.

To get there, kids need  
a strong STEM foundation.  
Here are five tips to help  
you inspire initial interest  
in science in your children  
that can bloom right in your

own home:

1). Emphasize the im-  
pact science has on the  
world. Encourage kids to  
observe real-world prob-  
lems and actively think  
about how STEM skills  
can address the issues they  
care most about, whether in  
their school, community or  
globally. As they observe,  
help your child understand  
the numerous ways STEM  
already impacts their lives.

2). Connect science to  
their interests. We often  
think of science as exist-  
ing in a silo, but it can be  
connected to just about  
anything! Kids are much  
more likely to find a  
"way-in" to science if  
they can match it to their  
interests. For example,  
a love of cooking can  
easily lead to an interest  
in food science. A love  
of cars can inspire the  
pursuit of automotive en-  
gineering. Helping draw  
these connections will at-  
tract kids to pursue STEM  
by making it relevant to  
their hobbies.

3). Make science so-  
cial. STEM exploration  
is inherently social. It  
helps kids develop prac-  
tical skills like communi-  
cation, collaboration, and  
decision-making, all while  
fostering great friendships.  
Parents can get their kids  
engaged by enrolling them  
in science camps and en-

couraging them to join  
competitions.

4). Make science ac-  
cessible and fun. You don't  
need a lab to be a scientist  
— STEM is all around us,  
even at home! Through  
[youngscientistlab.](http://youngscientistlab.com)  
[com](http://com), kids can  
explore free

resources

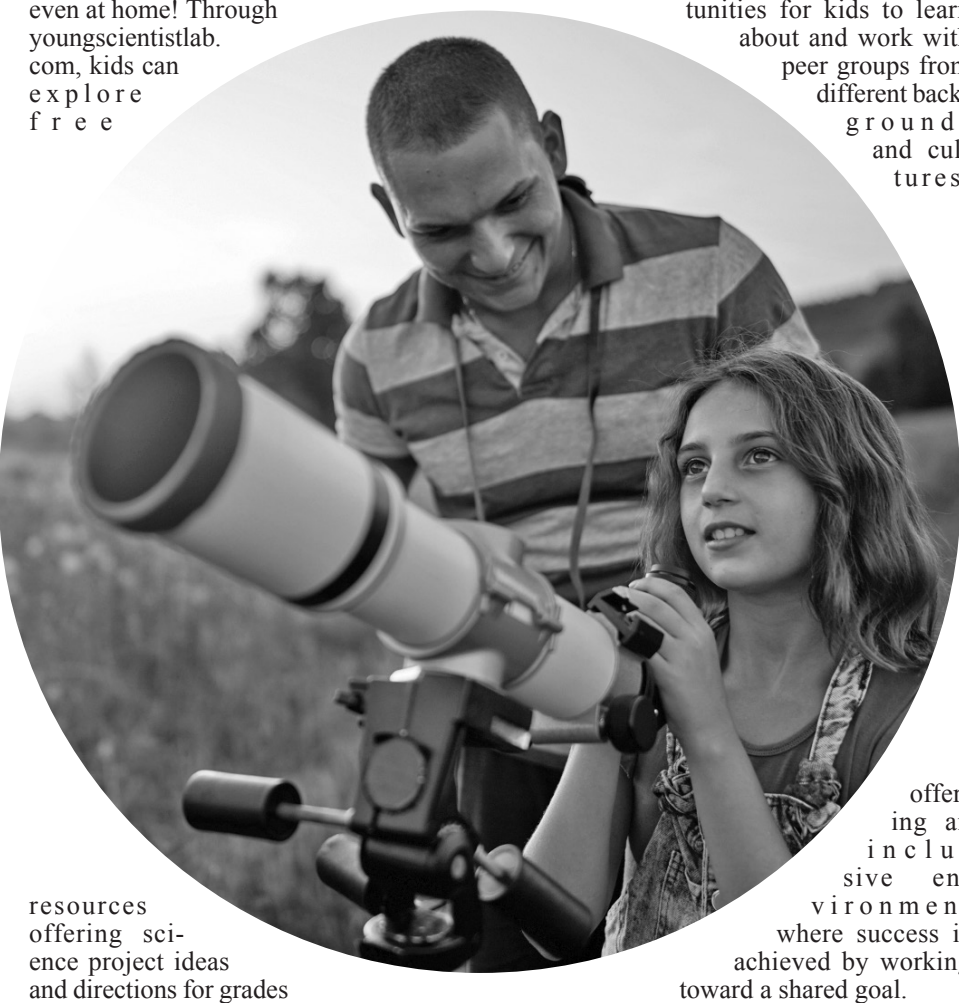

offering sci-  
ence project ideas  
and directions for grades  
K-8. With experimentation  
and exploration, it's sim-  
ple to make scientific prin-

resources

offering sci-  
ence project ideas  
and directions for grades  
K-8. With experimentation  
and exploration, it's sim-  
ple to make scientific prin-

ciples more relatable for  
young minds.

5). Expand your  
child's world with STEM.  
STEM is not only found

tual normal makes it easy  
to connect with others to  
learn, share and problem  
solve — no matter where  
you live. STEM explora-  
tion also opens up oppor-  
tunities for kids to learn  
about and work with  
peer groups from  
different back-  
grounds and cul-  
tures,

offering an  
inclusive en-  
vironment  
where success is  
achieved by working  
toward a shared goal.

One opportunity on the  
horizon is the 3M Young  
Scientist Challenge, held  
in partnership with Discov-  
ery Education, a premier  
national science competi-  
tion for grades 5 through 8  
that asks students to iden-  
tify a problem impacting  
their school, community,  
or worldwide, and come up  
with a unique innovation to  
solve it. Young inventors  
have a once-in-a-lifetime  
opportunity to work one-  
on-one with a 3M scientist,  
compete for \$25,000, and  
earn the title of "America's  
Top Young Scientist."

Last year's winner,  
Anika Chebrolu, 14, col-  
laborated with nine other  
finalists to solve problems  
collectively in a series of  
fun, group challenges as  
part of the competition. An-  
ika's individual innovation  
used molecular research to  
show how science could  
reduce the invasion and  
spread of COVID-19 in the  
body.

Encourage your bud-  
ding scientist to get in-  
volved and start exploring!  
To learn more about this  
year's competition or to  
enter, visit [www.youngscientistlab.com](http://www.youngscientistlab.com).

The next big invention  
or discovery could be any-  
where. Ignite that spark of  
passion for science and un-  
leash your child's curiosity.

## Becker Twp. ready for road construction season

By Mark Kolbinger  
Contributing Writer

The Becker Twp. Board met Monday evening and spent a good deal of time making preparations for the upcoming construction season.

Twp. Engineer Wes Davis updated the board on a variety of roadway issues, including trying out a new chip seal application that could cut down on maintenance costs.

The LRIP grant has been submitted to the State of Minnesota and Davis expects to hear back about the awarding of the funds sometime in late May or early June. The program received much attention statewide and requests are expected to far outpace available funds.

Construction plans for 2021 include some gravel roadway maintenance, as well as chip sealing for Garden Grove and Georgia Circle, both of which are set to go to bids this week. 164th Avenue is another road that will be sent out for bids very soon, while Davis also asked the board to consider adding 127th Street to

BRIAN KOLBINGER (L) AND JOE DANIELSON will serve another three years on the Becker township board after winning re-election last week. (Patriot photo by Mark Kolbinger).

the chip seal project.

The supervisors felt like the timing was right to test the chip seal on this road and then assess how it holds up.

Supervisor Joe Danielson felt that if they did the application this year, it could save some grading costs. The board decided to add the road to the plan, yet keep a clause in the bidding allowing them to reject the project if it is too expensive.

In other road business, Danielson and Supervisor Robin Boros reported that some pothole patching has already been accomplished,

as well as some brush cutting.

There was also discussion regarding some signage in the township, most notably the fire number signs that are placed by driveways.

Many units of government have moved towards markers that include the roadway at the bottom of the sign, allowing people to identify residences easier. Because many roads, especially ones with major curves in them, actually contain different roadway numbers, this signage can help first responders, deliver drivers, etc. identify

correct addresses.

When replacement signs are considered, the board will further discuss the issue as a phased in approach.

The board also discussed meeting with the Santiago town board regarding the shared roadway, 67th street, which is scheduled for reconstruction this year.

### Sheriff/Fire

Sgt. Dan Frank updated the board on the activity from last month, which numbered 120 calls for service and included several theft complaints.

Frank also explained increased enforcement efforts coming up in the next several weeks aimed at speeding drivers. A TZD (Toward Zero Deaths) grant has been received and residents will notice an increase in patrols to help address the situation.

Supervisor Luke Babler reported that the new fire truck has been received and is in service, while the old truck is being readied for sale.

### Variance

Kevin and Angela Maas appeared before the

board seeking a variance for a storage shed they had constructed on their property near Duffy Lake on 112th Street. The shed currently sits approximately five feet within the Ordinary High Water Level (OHWL), therefore they were seeking the board's positive comment to receive the variance from Sherburne County, which has the zoning authority since it involves a wetland.

After reviewing the site plan and photos, the board will recommend approval of the variance to the county.

### 150 Year Celebration

While it has been in the works for over a year, ideas were reviewed for the 150th year celebration planned for this summer to coincide with *Freedom Days*. Clerk Lucinda Messman noted that there are just two more board meetings scheduled to be held before the event.

Ideas for the day included a float in the parade and perhaps some music in the bandstand. There was also talk of perhaps seeing the supervisors dressed up in period appropriate attire to help celebrate the Town-

ship's 150th anniversary.

It was decided that Babler will join Board Chair Brian Kolbinger and Deputy Clerk Fran Seeley on a committee to put the finishing touches on the celebration planning.

### In Other Business, The Board:

- Discussed their joint meeting with the Becker City Council scheduled for Wed., March 17 at City Hall;
- Heard an update on the engagement workshop related to the CMRP;
- Discussed the placement of the dumpster at the Town Hall and possible removal of the old fire department tower. Complicating the matter is that the city owns the building portion of the hall and the township owns the land;
- Heard an update on Midge's franchise agreement;
- Learned that North Metro Animal Control has taken over all services for the township.
- Discussed the Local Board of Appeal and Equalization scheduled for April 6 at 6 p.m.

## Growing family

FOUR GENERATIONS. Pictured are Becker residents Lexi Erickson, Sandy Erickson (back row), David Erickson and baby Aiden Erickson. (Submitted photo).

## Forest Lake man arrested in Becker

Submitted Article

(Editor's Note: The following information was supplied to the Patriot via media release by the BPD).

On March 9 at approximately 12:16 a.m., a Becker Police Officer conducted a traffic stop at Hwy. 10/137th Ave for an equipment violation. During the investigation, the driver of the vehicle was found to have a suspended driver's license and a warrant for his arrest from Hennepin County.

While speaking with the driver, the man was also found to be under the influence of an unknown substance. In addition, a handgun was observed in plain view near the driver. A further check on the driver indicated that he was prohibited from possessing a firearm.

During a search of the vehicle, officers discovered 4.5 grams of methamphetamines and numerous items of drug paraphernalia. Officers also found 40.1 grams

DARREN ALLEN WARD of Forest Lake was arrested in Becker Tuesday morning on multiple charges and booked into Sherburne County jail. (Sherburne County Jail Photo)

of marijuana in the vehicle.

The driver, Darren Allen Ward, 33 of Forest Lake, was arrested following the investigation of the stop on the charges listed above. He was transported to the Sherburne County Jail pending the charges.

Submitted Article

(Editor's Note: The following article was submitted to Mary Nehring).

Becker resident Toni Jai Handel recently got confirmed at the age of 31 and was able to take part in her first communion.

"Today is a new look on my life," said Handel. "I know God is with me and with God by my side I know I can do anything! I especially enjoy the following Bible verse: *The Lord will fight for you; you need only be still. Exodus 14:14.*"

Handel and her grandmother recently spent 12 Tuesdays studying God's word with pastor Darren Green of St. Peter Lutheran Church in Monticello.

FIRST COMMUNION. Five generations are pictured: Gladys Bitzer (Handel's 96 year old great grandmother who has attended the church for the past 91 years), Sharon Woolhouse (Handel's grandmother, Becky (Woolhouse) Kulkay (Handel's mother), Toni Jai Handel and her son Thatcher. All five ladies were baptized at St. Peter Lutheran Church in Monticello. (Submitted Photo)

COS from page 1

and destroy the liberty of the people."

COS sees four major abuses against the people by the federal government; 1). spending and debt; 2). regulatory burden; 3). congressional attacks on state sovereignty 4). federal takeover of decision-making processes.

These abuses are not mere instances of bad policy. The federal government has been subjecting its people to "soft tyranny" in which the government does not (yet) shatter all men's wills but regularly "softens, bends, and guides" them. If the American people do nothing to halt these abuses, they run the risk of becoming nothing more than "a flock of timid and industrious animals (sheep), of which the government is the shepherd."

### Calling a Convention of States

Thirty-four state legislatures must pass a resolution in each chamber of their legislatures (called an "application") calling for a Convention of States. The Convention of States application does not need to be signed by the Governor to be effective.

As soon as both chambers of the state legislature pass the application, that

state becomes one of the required 34 states calling for a Convention. In order for the applications to be aggregated (counted together towards the 34-state thresh-

will override congressional inaction.

At the Convention, each state's delegation participates in discussing, drafting, and voting on amendment proposals germane to the topic(s) stated in the 34 applications that triggered the Convention.

Each state has one vote at the convention. Amendments sent to the states are merely suggestions, and have no authority until ratified by the states.

### Simulation

The first ever Convention of States Simulation convened in Colonial Williamsburg, Virginia, Sept. 21-23, 2016. One hundred and thirty-seven commissioners representing every state in the nation gathered together

to undertake this historic endeavor. The Convention operated flawlessly, according to a set of rules drafted by Article V scholar Prof. Rob Natelson and approved by the COS Caucus, the largest state legislator caucus in America.

The Convention passed amendment proposals on the following six ideas: 1). The public debt shall not be increased except upon a super majority vote in Congress; 2). Term limits on

Members of Congress; 3). Limiting federal overreach by restoring the Commerce Clause to its original meaning; 4). Limiting the power of federal regulations by allowing for a congressional override; 5). Requiring a super majority of Congress to increase federal taxes and repealing the 16th Amendment; 6). Giving the states (by a 3/5ths vote) the power to abrogate any federal law, regulation, or executive order.

### About

Convention of States Action is a 501(c)(4) non-profit organization founded for the purpose of stopping the runaway power of the federal government.

Mark Meckler is the President of COS and Jackie Burns is Minnesota's State Director.

### Get Involved

One can be a part of this historic grassroots movement by getting involved in four unique ways. 1). Sign the petition on the COS website; 2). volunteer 3). sign up to be a leader (district captain, communications coordinator, state videographer, etc.) 4). spread the word with family, friends or elected officials.

### Endorsers

COS's prominent endorsers include Mark Levin, Ben Shapiro, Sen. Rand Paul, Gov. Ron DeSantis, Sean Hannity, Sen. Ben Sasse, Dr. James Dobson, Pete Hegseth, and Gov. Mike Huckabee.

The COS website can be found here: [convention-ofstates.com](http://convention-ofstates.com).

# Prescribed burns help Oak Savanna at Refuge

Submitted Article

(Editor's Note: The following information came from a news release from the Sherburne County National Wildlife Refuge).

The Sherburne National Wildlife Refuge is planning a series of prescribed burns to be conducted during the spring season to help maintain the natural habitats for wildlife and reduce the chance of wildfires outside the refuge.

The refuge averages around 4,000 acres of prescribed burning each year. Prescribed burns, fires that are carefully planned, are beneficial to native prairie and oak savanna plant communities at the refuge. The burns are conducted under a special set of guidelines for weather and safety called a "prescription." These prescriptions are planned to accomplish specific objectives for vegetation and wildlife management.

Before a burn begins, temperature, relative humidity, fuel conditions, wind speed and wind direction are measured. Refuge staff takes into account smoke drift, nearby buildings, livestock and other safety factors when deciding whether to burn. According to Kris Larson, Fire Management Officer, the burn is conducted only if conditions meet the approved "prescription."

"We want the public to know that safety is our utmost concern," Kris said. "By reducing fuels through prescribed burning, we not only benefit wildlife, but also minimize the threat that wildfires on or around the refuge may have to the surrounding public."

Through habitat management programs, such as prescribed fire, Sherburne National Wildlife Refuge is restoring the natural ecosystem. The Oak Savanna

ecosystem, with its plants and wildlife, is adapted to fire and depends on periodic burning for continued existence.

Prescribed burns at Sherburne National Wildlife Refuge are planned to be conducted in March, April and May, or in the fall and winter, when weather and safety conditions are right to meet the objectives of the burns.

Sherburne National Wildlife Refuge is located

northwest of Zimmerman, with Refuge Headquarters off Co. Rd. 9.

For questions concerning the refuge's prescribed burns, call (763) 260-3078 or visit the website at [fws.gov/refuge/sherburne](https://fws.gov/refuge/sherburne). TTY users may reach the refuge through the Federal Information Relay Service at 1-800-877-8339.

## Murder suspect makes first court appearance

Submitted Article

(Editor's Note: The following information was provided to the Patriot by the Sherburne County Sheriff's Office).

A St. Cloud man made his first court appearance Monday on charges that he killed a man in November in southeast St. Cloud and disposed of the body near St. Cloud Regional Airport.

Ricco Dejon Tyson, 43, is charged with second-degree murder and first- and second-degree manslaughter in the death of Tyler Ecklund.

Ecklund, 25, was found outside in a vacant lot in the 1000 block of 55th Ave. SE on the evening of Nov. 14. An autopsy revealed that he had died of a gunshot wound to the head.

A joint investigation between the Sherburne County Sheriff's Office, St. Cloud police and Min-

**RICCO DEJON TYSON** of St. Cloud made his first court appearance this week and is charged with killing Tyler Ecklund. (Submitted Photo)

nesota Bureau of Criminal Apprehension identified Tyson as the person who shot Ecklund.

At Monday's hearing, Sherburne County District Court Judge Walter Kaminsky set bail for Tyson at \$2 million without conditions and \$1 million with several conditions.

## 5 Ways to Go Beyond Saying 'Thank You' to Military Service Members

StatePoint

How do you thank someone who's willing to risk their life for yours? When it comes to military service members and their families, advocates say there are many avenues for giving back meaningfully.

As part of its "Give More Than Thanks" campaign celebrating 80 years of being the "Force Behind the Forces," the United Service Organizations (USO) is inviting Americans to take actions that can make a tangible difference in the lives of service members. Here are five ideas to get you started:

1). Offer Skills or Services. Many service members face difficulties translating the skills and experience they acquired in the military to civilian jobs. Others struggle to adjust to the norms of the civilian workforce. Meanwhile, military spouses face professional obstacles throughout their service member's career due to constant moves and deployments. Consider offering career advice or volunteering to guest lecture via military transition programs, such as the USO Pathfinder Transition Program, which equips service members and military spouses with tools needed to tackle the civilian job market. If you own a business or are a leader in a company, advocate for hiring qualified veterans. By offering practical support, you're not only thanking service members, you're helping build an inclusive community that bridges the civilian-military divide.

2). Send a Care Package. Care packages filled with treats and reminders of home let troops know that friends, family and the American people are thinking of them, even from thousands of miles away. However, the process of sending military care packages can be complicated. One easy way to do so is through USO Wishbook, where you can select a symbolic gift from a catalog to be sent to service

members.

3). Support Military Spouses. Deployments are challenging for both service members and their spouses. Reach out to a military spouse whose service member is deployed and offer to cook their family dinner, or to pick up groceries. Simply reaching out to see how they are doing can also make all the difference.

4). Volunteer. Put your gratitude into action. Many USO locations across the country need volunteers who can facilitate programs and events – virtually or safely in person – that provide the military community with the support needed to carry out their missions.

5). Donate. The USO has been expressing its thanks to service members by supporting the troops since World War II. Today, that gratitude is shown in USO locations around the globe; these brick-and-mortar centers serve as a home away from home for deployed service members, and a place of respite for the larger military community. USO programming keeps deployed troops connected to loved ones, provides resources for service members and their families and boosts the morale of the entire military community through entertainment and other supportive events. Charitable donations to the USO help make that mission possible.

To learn more about the USO's work and discover additional ways to give more thanks, visit [USO.org/morethanthanks](https://USO.org/morethanthanks) and follow the conversation at #MoreThanThanks.

"Our service members and their families' sacrifices require us to rise to the challenge. All Americans, united in spirit and action, can change the lives and communities of our military, and thus, our country, for the better," says J.D. Crouch II, CEO and president of the USO.

GSL from page 1

also partnered with Crown College to offer PSEO (Postsecondary Enrollment Options: a program allowing high school students to take college courses on a college campus for college credit) to freshmen and sophomores, and has partnered with Concordia University to offer PSEO to juniors and seniors. With options for PSEO, students can achieve their Associate's degree by the time they graduate high school.

Extracurricular activities will be made available as the students express interest in them, with potential to explore sports, e-sports, theatre, and other interests.

**Signing Up**

Enrollment is now open for the 2021-22 school year. Lamkin says the school is planning to host 10-15 students in its first year, the majority of which will be enrolled in ninth grade. Families interested in enrolling their students can sign up for a tour at [GoodShepherdLutheranHS.org](https://GoodShepherdLutheranHS.org). Lamkin is excited to welcome students to GSLHS.

"Because we focus on strengthening and supporting families, we will offer many events and other educational opportunities throughout the year," she said. "Growing in Grace; Serving in Community; Leading in Faith outlines our core beliefs."

GSL High School will hold a community tour event, Thurs., March 25 at 6:30 p.m. at the church.

COBORN'S from page 1

immunized, general populations, according to MDH guidelines, will be eligible to receive the vaccine.

Coborn's continues efforts in the fight against the COVID-19 virus with continued safe cleaning and sanitation measures that include mandatory masks for store employees, continued reminders to guests to wear masks while in stores, plexiglass shielding at checkout and service cases, frequent cleaning of surfaces and high contact areas, social distancing practices, special senior shopping hours and hand sanitization stations made available to all guests.

## Pair of deadlines approaching for expired driver's licenses, REAL ID

Submitted Article

(Editor's Note: The following information came from the Wright County News website.

A pair of key deadlines are approaching – one soon and one less than seven months away – that Minnesotans should be aware of.

The first is the end of the grace period for driving with an expired driver's license. When the COVID-19 pandemic closed down state-run DMVs and License Bureaus, it created

a backlog of those who needed to get their licenses renewed. Minnesota Gov. Tim Walz enacted an Executive Order that allowed individuals to drive with expired licenses and give them time to get their licenses renewed.

The Executive Order will expire March 31. Starting April 1, anyone without a current driver's license will be subject to receiving a citation and the fine that goes with it.

The short-term issue associated with this is

that there are an estimated 300,000 Minnesotans that either have an expired driver's license or are scheduled to expire during March 2021.

March 5, hundreds of appointments became available on the county website to schedule appointments with the Wright County License Center to have licenses renewed. The appointments will cover the period of March 15-28.

The other deadline that is creeping up is the requirement of REAL ID

to board a domestic flight or enter a federal facility. That deadline is Fri., Oct. 1, 2021. Those without REAL ID or an enhanced license on or after Oct. 1 will need a valid passport or passport card to get on any airplane in the United States. It should be noted that when applying for REAL ID, individuals will be required to produce four different documents, which can be found here: <https://dps.mn.gov/divisions/dvs/real-id/Pages/required-documents.aspx>.

## Aquatic invasive species – Coming to an aquarium near you?

Submitted Article

(Editor's Note: The following article was submitted from the Sherburne Soil & Water Conservation District).

How many of you had an aquarium as a child, or even today?

The "fish bowl" of the past has evolved to a multi-billion-dollar industry with large elaborate tanks, freshwater and marine water environments, and exotic plants and animals being traded globally. Aquariums are entertaining to watch, and a useful tool to teach one's youth about freshwater and marine life. However, as people have learned recently, with transporting plants and animals across the globe for aquarium use, people are increasing the opportunities for non-native introduction to our lakes and streams.

One may have read recently about zebra mussels being found in "moss balls" available at pet stores and aquarium shops. The discovery was first noted by a U.S. Fish and Wildlife Service inspection at a Seattle location, within a shipment of moss balls from Ukraine. Soon, it became apparent that this discovery was not a localized issue but was occurring across the United States.

State and Federal officials are working hard to identify locations where these moss balls may have

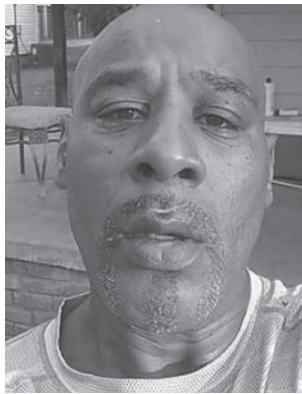

been shipped to and remove these items from the shelves. If one has purchased moss balls recently for an aquarium, one should treat the moss balls as if they contain zebra mussels and destroy by disposing in a sealed container in the trash. Do not dump down a sink, flush down a toilet, or destroy in any other manner.

Aquarium plants and animals should never be released into household plumbing or the natural environment.

It is speculated that numerous aquatic invasive species may have been transported across the globe due to aquarium trade. The industry is seeing new regulations and oversight due to this threat. Minnesota has identified numerous plants and animals that are given a status which makes it illegal to sell, buy or trade these species due to their potential threat to our waters.

The Minnesota Department of Natural Resources has dedicated full-time staff to evaluating threats from the aquarium industry and working closely with industry professionals to minimize threats.

More information on aquariums and aquatic invasive species can be found here: <https://www.dnr.state.mn.us/invasives/pet-and-aquarium-businesses.html>.

**TONY CONLEY PERRY, 52** went missing July 9 and was recently found deceased. (Submitted Photo).

May 2020.

If one has any information in regard to this investigation, please contact Detective Kenyon at the Wright County Sheriff's Office Criminal Investigations Division at 763-682-7879.

Submitted Article

(Editor's Note: The following article was sent to the Patriot as a media release).

March 7, at approximately 5:11 p.m., Big Lake Officer Sam Norlin stopped a vehicle for following too closely, failing to use their turn signal, and an equipment violation.

The driver identified herself as K.M.S. 12/14/1963. The driver claimed to be on her way to the hospital for COVID-19 symptoms. An ambulance was called to the scene.

Officer Norlin ran the driver's information she provided, but it came back not on file. Before the driver was transported to the hospital, she stated it was fine to have her vehicle towed. Officer Norlin and Sgt. Kucala performed an inventory search of the vehicle.

Kucala observed a small bindle wrapped in plastic that contained a white powdery substance. The bindle was between the driver's door and seat. The substance later field tested positive for cocaine and weighed .3 grams.

Officers also located tubing and a propane torch consistent with drug use on the passenger's side floorboard. Officers located identification in the vehicle that

**KITTY WINTER, 57** of Blaine was arrested and booked in Sherburne County jail March 7. (Submitted Photo)

revealed the driver's name to be Kitty Winter, 57 of Blaine. Winter had a felony warrant out of Hennepin County and a misdemeanor warrant out of Dakota County.

After Winter was discharged from the hospital, she was arrested and transported to the Sherburne County Jail.

Winter was charged by criminal complaint with; Felony 5th Degree Possession of a Controlled Substance and Misdemeanor Driving After Revocation.

## Sherburne County has state's lowest C-19 vaccine rate

By Bill Morgan  
Editor/Staff Writer  
Reporter.Bill@PatriotNewsMN.com

Sherburne County was recently identified as having the state's lowest COVID-19 vaccine rate. As of March 4, at least 948,127 people in Minnesota have received a first shot of Moderna or Pfizer COVID-19 vaccine, and 500,188 of them have completed the two-dose series.

Benton County is the next lowest county at 12.8% for recipients of at least one dose compared to the Sherburne County's 11.6%. The state percentage is at 19.3%.

Cook County (one of the state's oldest counties, according to census data) has the state's highest vaccination rate: 44.2% of residents who have received their first dose, according to Minnesota Department of Health data as of Saturday.

So, why is Sherburne County the state's lowest?

Some speculate it is because the region has no major health care system while others say it is because of lack of accessibility. One doctor, George Morris of CentraCare said it could be because of Sherburne County's "independent mindset".

"I don't want to call it red and blue, Democrat [and] Republican," Morris said. "It's a little bit of: I don't want people to tell me what to do."

According to the U.S. Department of Health and Human Services as of March 17, Sherburne County is at a **very high risk** level for contracting the coronavirus. The reason is because there was an average of 20 daily cases per 100,000 people reported in the past two weeks. The risk in Sherburne County will decrease to **high risk** if the daily case rate drops to less than about 11.4 cases per 100,000 people and the test positivity stays low.

A county's risk level is determined based on the number of reported cases and testing data. Al-

though county risk levels are assigned based on expert guidance and careful analysis, it is possible that the risk level in a specific county may be over or underestimated because of a lack of reliable data.

In some cases, a county might not have a risk level if not enough recent data was available, or if inconsistencies were found in the data. If a county's recent testing data was not available, the rate of positive tests in the state was used, along with recent cases, to calculate the risk level.

Over the past two weeks, an average of 19 cases per day were reported in Sherburne County, a 93 percent increase from the average two weeks ago. Since the beginning of the pandemic, at least one in 11 residents have been infected, a total of 9,025 reported cases.

Nov. 2020 was the worst month for cases in Sherburne County.

An average of 90 percent of I.C.U. beds were occupied in the area as of March 11. The trend in deaths tends to lag weeks behind the trend in reported cases: Cases have recently increased in Sherburne, which could mean a rise in deaths will follow.

Cases have increased recently in Anoka; Stearns; Wright; Benton; Isanti; and Mille Lacs Counties.

A few anomalies occurred this past year in reports from the state including no new cases or deaths on the Fourth of July holiday. Minnesota began including probable cases identified through antigen testing in October of 2020 and the state reported data for two days after reporting no data on Thanksgiving (Nov. 28). On March 9 of 2021, Minnesota announced many cases and

deaths from the past year that were previously unreported.

Two large medical providers expanded eligibility criteria March 4 for vaccination against COVID-19 in Minnesota, which has reported 6,521 deaths and 487,374 diagnosed infections with the novel

coronavirus that causes the infectious disease.

The totals include 14 more deaths and 949 infections reported March 4 by the Minnesota Department of Health.

Gov. Tim Walz three weeks ago unveiled a vaccine timetable for Minnesota that gradually expanded eligibility to non-elderly adults with chronic health problems and front-line essential workers — before getting to the rest of the general public by summer. That timetable could be accelerated now — with the original scheduling not factoring in the availability of a third vaccine.

The state has been prioritizing limited quantities of vaccine mostly for health care workers, long-term care residents, educators and people 65 and older.

State officials remain concerned about the emergence of more infectious variants of the SARS-CoV-2 virus that causes COVID-19. Genomic sequencing has now identified 112 cases of COVID-19 in Minnesota involving a more infectious B.1.1.7 variant first found in the United Kingdom.

Staff also asked council to approve new climate control equipment for the mechanical/server room and for the IT staff office, as these both become uncomfortably hot and could potentially damage equipment.

### Pond Lining for Pebble Creek

Last year, Northern Metals donated a pond lining to be used for pond restoration near hole 14 on Pebble Creek Golf Course. In order to use the lining, an excavation company will need to be hired to dig to clean soil, so organic material in the soil does not create gas bubbles under the liner. *JC Landscapes* will be hired to complete the work, which will not exceed \$10,000.

### Consent Agenda

In the consent agenda, the council:

- Approved the hiring and termination report for the BPD and Pebble Creek;
- Accepted a monthly donation from the *Becker Lions*;
- Suspended rules regarding temporary signage in regards to restaurants posting signage about COVID-19 regulations and allowing restaurants to use parking lot areas to seat patrons;
- Renewed a contract for staff safety training with *SafeAssure*;
- Approved the 2021-2022 Property Casualty Insurance renewal.

### Manhole Rehabilitation Project

For the third year in a row, the city is rehabilitating manholes down its industrial line to the wastewater facility. The manholes being rehabilitated were last refurbished in 2010, and they are showing signs of significant deterioration.

After reviewing a couple of bids for the work, the council accepted the more expensive bid, from *Hip-erline*, since the city has worked with the company in the past and they have demonstrated quality workmanship.

### Trail Life Extension

The city wants to seal-coat its 10 miles of paved trails in order to get the most amount of use out of the routes. The city has budgeted \$25,000 for the project this year. *Fahrner Asphalt Sealers* submitted the only bid for the project at \$18,334.80.

### Sherburne Ave. S Improvements

Sherburne Ave. S from Liberty Ln to Co. Rd. 11 is in need of repairs. Staff asked council to make a motion allowing the city engineer to move forward on making plans for the project so the city will soon be able to start accepting bids for the work.

### Improvements to City Hall

City hall has recently had an issue with its fire panel, which has been sounding random alarms. The panel, and the smoke detectors, date back to 1996. Therefore, staff deemed it appropriate to replace these.

## We specialize in you.

**Complete Women's Healthcare**  
Family Medicine, Nurse Midwives & OB/GYN

## Sherburne launches virtual tour of Government Center

By Mark Kolbinger  
Contributing Writer

Sherburne County residents now have another tool to help them in making their trips to the Government Center more efficient, as county staff debuted a virtual tour function on the county's website at Tuesday morning's Board of Commissioners meeting.

Communications Media Specialist David Unze demonstrated the function for the commissioners and showed how a resident could take a virtual tour before coming to the building for an appointment.

By watching the video, a resident would be able to find the location of the department they are planning to visit and could also click on a link in the video to learn more about the functions and services offered by the county.

Unze explained that the project will help educate people about important information, as well as provide a visual to help people maneuver through the building. Many departments were relocated as part of the recent building project and this new feature can help to make the building more accessible for those who may not have yet navigated the new layout.

The project is just one of the latest efforts by the commissioners and staff to engage the taxpayers and focus on customer service for residents.

Along that theme, County Administrator Bruce Messelt reminded the board of an upcoming workshop that will focus on outreach efforts related to communicating with residents. Recently, the commissioners have discussed adding a newsletter or other print publications to help residents better understand the efforts undertaken by the county.

### Broadband

Throughout the past couple of years, broadband (high speed internet) has been one of the issues at the forefront of the county's efforts in terms of infrastructure.

To that end, Midco's Government Relations Manager, Melissa Wolf, appeared before the board to share the company's efforts to expand access within the county.

She reported that they have installed one million feet of network fiber within the county and have 5,421 passings (connections) to businesses and residences.

Currently, they are working on an expansion

just north of Lake Ann and everything they are installing is direct fiber cable rather than wireless connections.

The company is also working toward some conduit lease agreements with the county, as well as several Federal grant programs, one of which resulted in \$893,000 being invested in Sherburne just last year alone.

The commissioners and Wolf discussed the funds expected to be available as part of the recent Federal legislation and pledged to work together where possible to continue increasing access for residents.

### Law Library

County Attorney Kathleen Heaney appeared before the board to discuss the law library, a statutorily mandated service provided to residents.

She introduced Benjamin Rydlund, who recently took over duties as the Law Librarian.

Rydlund reviewed some of the services offered at the library, which is staffed from 8 am -4:30 pm on Tuesdays, Wednesdays and Fridays. He also mentioned that he has been providing some computer and tech assistance to patrons, as well as doing outreach to places such as the YMCA, Senior Centers and churches.

As covid becomes less of an issue, Rydlund is hopeful for increased traffic and more visits from residents seeking assistance.

### Watershed Plans

In recent years, Minnesota counties have been moving toward a more regional approach to managing water resources with an approach referred to as One Watershed, One Plan.

This allows partners to collaborate more on water quality efforts and also establishes a framework for planning and zoning efforts.

With those goals in mind, the commissioners approved two resolutions at the meeting. The first established planning boundaries for the Mississippi River - St. Cloud watershed and separates it from the Mississippi River - Sartell region. The second resolution approved a grant application for the St. Cloud planning area since 89% of Sherburne County falls within that jurisdiction.

### Parks

Parks Coordinator Gina Hugo was at the meeting to solicit input from the commissioners regarding the establishment of a Park Dedication and Memorials

Policy.

As the county continues to establish more park land, the issue of donations and memorials has been coming up on a more frequent basis.

Many other park systems have a similar policy in place, therefore Hugo was trying to be proactive in developing some parameters to help in the installation, maintenance, size, design and replacement of memorials (benches, etc.).

The policy would also cover larger types of donations, for instance if someone wanted to establish something more robust such as a picnic structure or play structure.

The board directed Hugo to come back in April with some specific recommendations in the selection and design of materials to keep it consistent within the theme for individual parks.

Another general consensus was for the policy to be prescriptive enough that staff could handle the vast majority of future decisions based on established procedures, thus not requiring commissioner approval for every donated park bench, etc.

In other park related news, Public Works Director Andrew Witter brought forward the low bid for work to be completed in the Bridgeview Park.

JL Theis was the low bidder, although the amount of \$587,462 was nearly \$150,000 higher than the engineer's estimate. Witter stated that the funds are available, which includes a state grant for \$250,000. In addition, staff has worked with the contractor to reduce costs by \$40,000 already and more savings are being explored.

### In Other News, The Board:

- Approved a complete re-write of the zoning and subdivision ordinance;
- Received an update on current bridge load restrictions within the county and learned that many wooden structures are now nearing the end of their life cycles and will need replacement or additional restrictions;
- Received the HHS Annual Report from Director Amanda Larson and learned of the department's efforts at helping residents achieve self-sufficiency;
- Heard of Public Health's plans to being the new mobile wellness van to a pair of Sherburne's food production businesses this week to conduct vaccination clinics.

## Becker Council approves city improvements

By Katherine Cantin  
Staff Writer  
Reporter.Katie@PatriotNewsMN.com

On Tuesday, the Becker City Council approved work to be done on city streets, on city manholes, at Pebble Creek and at city hall.

### Police Management Committee Report

The police management committee discussed the new part-time hires and hiring in general. Applicants for positions are down significantly, which is not a situation unique to Becker. The committee is considering bringing on a new full-time position next year, rather than a part-time position, in order to be more attractive to applicants.

The committee also briefly discussed city ordinances.

### Public Works Report

Public works went over plans for seal-coating several city streets, as well as making changes to first street, where it intersects with Co. Rd. 23 (by the Shell station, just off of Hwy. 10). A new plow truck will be arriving in the city soon.

### Parks and Rec Report

Parks and Rec saw a presentation on the planned Splash Pad.

### Joint Fire Board Report

The new fire truck has arrived, as well as new battery-powered tools for the firefighters. A live house burn will take place April 3. Clear Lake and Big Lake Fire Departments are invited to join the Becker firefighters in this training exercise.

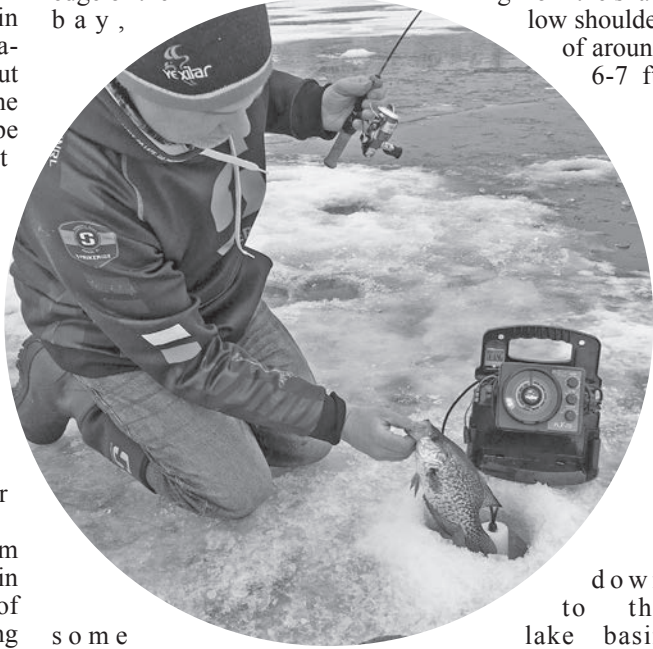

# Fishing News

## Gimme a Break! How to Find Ultra Late Ice Panfish!

By Capt. Josh Hagemeister,  
Fishing Expert

Weed flats, gradual weedy breaks, and sluggish paths to deep water can all equal loads of crappies or bluegills during certain times of the fishing season. But now (throughout March and into April) one of the most obvious type of “edge” that can collect a ton of fish are some of the steepest breaks in the lake. Especially the steepest breaks that connect late winter panfish spots directly to the spawning grounds they will be using to feed the minute the ice melts and then of course actual spawning once the water temps gain some ground. Right now, when I’m heading out onto the ice in search of big quantities of late ice panfish I’m looking for the perfect combination of deep water late winter haunts and steep breaks adjacent to the areas where

they will be spawning in 45-60 days from now! So to give a generic example—a shallow soft bottom spawning bay 1-6 ft. deep, cattails along the edge of the bay,

some old/newly forming weeds on the bottom that sits next to 25-45 feet of water

(or an obvious area where the crappies and bluegills spawn every Spring). The break (drop-off) that connects the two environments should roughly be plunging from the shallow shoulder of around 6-7 ft.

the school(s) of fish will be. And that folks is what creates a good competitive bite and solid fishing action—competition among the fish themselves.

The fish are easy to locate as well using about any kind of electronics. Look for fish THROUGH the ice—do not drill any holes yet! These steep breaks tend to force many of the fish to suspend out over the deeper water while still remaining close to the break—and sometimes the fish are glued right to the break itself. When that happens I tend to prefer a transducer with a smaller degree of attack like a 9 degree transducer. By using a “skinny beam” you’re not reading down the side of the whole break at once—this helps reduce “blind spots” and the fish will pop at ya much better. Pick a depth and walk along the break and check for fish about every 10-15ft by shooting through the ice using the old water on the ice trick.

The schools will be tight, so if you don’t check often enough you can easily walk right over a nice school of crappies or bluegills. Also, make sure there are not pods of fish suspended off the deep edge of the break over them as well. Once some fish are located, try to figure out the tolerance and size of the school by walking and checking around the initial found fish in a circle pattern. Use the original fish you found as the center pivot point. This will tell you how big the school is and exactly where the center of the school is. Time to drill a few holes.

Start by drilling holes just outside the perimeter of the school of fish—but around the schooling area. Drill the last few holes on top of the fish in the center of the school. The perimeter holes will be used as the school starts to possibly disperse due to noise and fishing activity. The perimeter holes can also tell you which way the

fish are moving by taking note of where the first and last fish are being caught. This is where it’s handy to have 2-3 people with you. If you are alone, set up a few locators (electronics with “fish alarms”) in the vacant holes—use them as electronic tip-ups. Set the alarm, wait for a beep, fish the hole. It’s that simple. It’s one reason to keep your “outdated” fishing sonar systems.

We really don’t need to get into presentation. leave the minnows at home and use tiny ice jigs tipped with waxies or plastics. The fish are feeding and are usually not picky. Just keep it simple and small. Heavily schooled crappies or bluegills into the ultra-late ice period are typically aggressive due to the nutrients the newly formed eggs need. Lotsa Fish! Lotsa Fun!

## Bulldog wrestlers fall in section finals

By Mark Kolbinger  
Contributing Writer

For the third year in a row, the Becker Bulldog wrestling team advanced to the section finals only to see their state tournament dreams dashed with a loss.

This time, as was the case last year, it was the super co-op of Das-sel-Cokato-Litchfield who edged the Bulldogs 34-26 to advance to the state wrestling tournament.

### Semifinals

Last Wednesday, the second-seeded Bulldogs played host for the semi-finals and dispatched the Rocori Spartans in quick fashion by a score of 62-6.

“The win was a good confidence boost going into Saturday (finals),” said Co-coach Matt Aho. “We had all four of our seniors pin their opponents that night and that is special since it is the last time they will wrestle at home on our mat.”

The result was never in question as Becker raced to

the early lead and lost just a pair of decision matches to go 12-2 in individual matches.

Brayden Weber provided a highlight at 220 pounds as he collected his 100th career win and 50th career pin.

The big win set up a re-match for the Bulldogs with the #1 seeded team, D-C-L on Saturday at Rocori.

**Results:** Kaden Nicolas (maj. dec. 106), Landen Kujawa (dec. 113), Drew May (fall 120), Kaden Rish (fall 126), Ethan Duncombe (forfeit 132), Lukas Paulson (fall 145), Adam Jurek (dec. 152), Kylan Rish (fall 170), Tyson Ricker (maj. dec. 182), Caden DeWall (fall 195), Brayden Weber (fall 220), Dylan Kolby (fall 285).

### Finals

The Bulldogs entered Saturday’s finals with just one loss on the season, also to D-C-L.

Despite the earlier loss, Aho said his team was ready for another shot at the

BRAYDEN WEBER met a milestone for the Bulldog wrestling team with his 100th career victory and 50th career pin last week in a Section semifinal win over Rocori (Submitted Photo).

defending section champs and were hopeful for an upset win and a trip to the state tournament.

“We prepared the best we could,” said Aho. “I felt that the team was ready to go.”

As he has done for much of the season, eighth grader Nicolas put the Bulldogs in front with a decision win at 106 pounds. But from there, D-C-L used

an experience advantage to take a lead and the Bulldogs were never quite able to get over the top.

“We battled and just came up short,” said Aho. “It is hard because now we have lost in the section finals three years in a row.”

Despite the sting of the loss, the Bulldogs were right back at it this week with the individual section tournament scheduled to

start Wednesday in An-nandale. From there, the top four individuals in each weight class advanced to the super section on March 20 in Mound-Westonka. There, the top two finishers in each weight class will earn a trip to the state tournament.

The Bulldogs figure to have several individuals with a chance to earn that trip to state and that makes it a little easier for Aho and his crew to move on from the loss.

“We had a great season as a team,” said Aho. “We were conference champs, broke the school record for most dual wins in a season (27-2), and we had several wrestlers accomplish a lot of career milestones this year.”

**D-C-L vs. Becker Results:** Nicolas (dec. 106), Rish (maj. dec. 126), Paulson (tech. Fall 145), DeWall (fall 195), Weber (fall 220).

## Bulldog girls lose two, look forward to sections

By Mark Kolbinger  
Contributing Writer

The Becker girls basketball team found itself in unfamiliar territory at the end of last week, as they lost a pair of games to a couple of the top-rated teams in Minnesota’s Class AAAA. But despite the losses, the Bulldogs are gearing up for section play knowing that the tough competition will pay dividends.

### Skippers

Last Thursday, Becker traveled to Minnetonka and ambushed the Skippers in the first half, taking a 38-28 lead into the locker room before fading down the stretch in a 83-73 loss.

“We played our best half of the year in the first half versus Minnetonka,” said Coach Dan Baird. “The second half was a different story as they outscored us 55-35.”

Becker built the early lead with some skillful three point shooting, as the Bulldogs hit 11-for-19 shots from beyond the arc for the game (58%).

The halftime lead surely sent a shock through the much larger Skippers, as they came out and played a much different second half. (The MSHSL uses a formula to determine school enrollment for competition purposes and lists Becker’s at 836 and Minnetonka’s at 3,198).

“They have two dynamic guards in Desiree Ware and Kiani Lockett,” said Baird. “We stayed in front of them in the first half but got tired in the second, which led to wide open three’s from their bench players that hit the shots.” Minnetonka connected on a total of eight three-point shots in the second half.

Despite the loss, Baird was proud of his girls for their effort and for not being intimidated by the magnitude of the game.

“Our girls battled one of the best teams in the state, as Minnetonka has everything, size, speed, shooting, great coaching,” said Baird. “It was probably our best game of the year to compete with them. We’re really proud of our girls. This game will get us ready for playoff basketball for sure!”

### Royals

After Hopkins canceled a game with the Bulldogs a week ago, the much ballyhooed matchup finally

took place last Friday night in Becker, with the top ranked team in Class AAAA running away with a 85-58 victory.

Becker actually led 4-0 early, but then Hopkins went on a 31-2 run to put the game out of reach early.

“As a team we did a poor job meeting passes as we were a little on our heels,” said Baird. “Nu Nu Agara scored 19 points on 8-for-10 shooting and had four steals. She was amazing and displayed why she’s one of top recruits in country.”

The play of Senior Courtney Nuestr was a highlight for Becker, as she had 12 points, five rebounds and four steals.

“Courtney really had her second great game in a row,” said Baird. “She just proved she was ready to play.”

Baird also sang the praises of Megan Gamble, who had 14 points and five rebounds and battled well with Maya Nnaji (another top Hopkins recruit).

Although the Bulldogs trailed early, they played an even second half with the Royals, scoring 30 and giving up 31.

“We competed in the rebound and turnover department in the second half,” said Baird. “Our shooting percentage isn’t where we’d like. To beat a team like Hopkins, you have to shoot well and we did not. This competitive game will help us learn a few things about ourselves as we head into section play.”

### Playoffs

Section seeding took place Sunday, with the Bulldogs earning the top spot in the bracket and earning a bye in the first round scheduled for March 18.

March 23, Becker will host the winner of the quarterfinal matchup between #4 Zimmerman and #5 Rocori, while the finals will be played March 26. For section play this year, the home team will be the high seed throughout the tournament, meaning that as long as they win their semifinal contest, Becker would be the host for the section finals.

The other side of the bracket pits #2 Willmar against #7 Monticello and #3 Big Lake against #6 St. Francis in quarterfinal play.

## Bulldog boys drop two, seeded #4 for Sections

By Mark Kolbinger  
Contributing Writer

The Becker boys basketball team lost its final two regular season games last week, but still finished the season with a record of 9-9, good enough for fourth place in the highly competitive Mississippi 8 Conference.

### Hornets

Last Thursday night, the Bulldogs and Big Lake Hornets played an even first half before Becker went ice cold in the shooting department and the Hornets caught fire down the stretch, winning 77-58.

Becker actually had a slight, 33-31, halftime advantage but couldn’t make it hold up as the Hornets poured in 46 second half points.

Becker shot just 4-for-22 from 3-pt. range (18%), while the Hornets hit 7-for-18 (39%).

Big Lake also held a big advantage in the rebounding department, grabbing 46 to the Bulldogs’ 28.

Hayden Harmoning had his best offensive game of the year for the Bulldogs, scoring 14 points to go along with three rebounds and two assists. Eric Seavert paced Becker with 16 points, six rebounds and four assists.

For Big Lake, it was a two player scoring bonanza, as Wyatt Windhorst finished with 25 points and Jack Iverson had 30. Windhorst also had 11 rebounds and was a team best plus-25 when he was in the game.

**Becker scoring:** Alex Weiss 4, Nick Berglund 6, Ryan Bengtson 1, Nick Knute 10, Harmoning 14, Seavert 16, Brady Paumen 7.

**Big Lake scoring:** Tre’ Gordy 2, Windhorst 25, Iverson 30, Mitchell Spanier 3, Kade Layton 9, Johnny O’Brien 2, Isaac Flicker 2, Carson Kunz 4.

### Spartans

On Saturday of last week, Becker hosted the Rocori Spartans and fell by a score of 53-68.

This time it was the first half that gave Becker problems as their

shooting was again cold, allowing the Spartans to race to a 39-19 half-time advantage. Becker outscored Rocori 34-28 in the second half, but it was too little, too late and the Bulldogs ran out of time for their comeback.

Becker was again off target from the outside, hitting just six-of-27 three point shots, while Rocori attempted just 13 from long range, hitting four.

Rocori was aggressive in driving to the hoop and attempted 21 free throws (making 13) on 17 Bulldog fouls, while Backer had just six free throw attempts in the game (making five).

Both teams took care of the ball fairly well, with Becker committing 14 turnovers to the Spartans’ 11.

**Becker scoring:** Weiss 2, Berglund 7, Julias Hendricks 2, Knute 5, Harmoning 2, Seavert 16, Paumen 15, Landen Goebel 4.

### Sections

Seeding for the Section 5AAA tournament were released early in the week with the Bulldogs drawing the #4 seed and a home contest against the Fridley Tigers March 19. All games for section play will be hosted by the high seed. Should Becker defeat the Tigers, they would play against the winner of a matchup between #1 Delano and #8 Zimmerman in the semifinals March 23. The section championship is scheduled for March 26.

Big Lake (seeded #6) will open the playoffs on the road March 19 when they travel to Rocori (#3 seed). If the Hornets pull off the upset, they will face the winner of the St. Francis (#2) versus Monticello (#7) game in the semifinals.

Becker and Big Lake finished the season with each team winning one game in the rivalry. With a couple of upsets, it’s conceivable the teams could meet again in the Section Championship.

## County presents draft for potential future county park

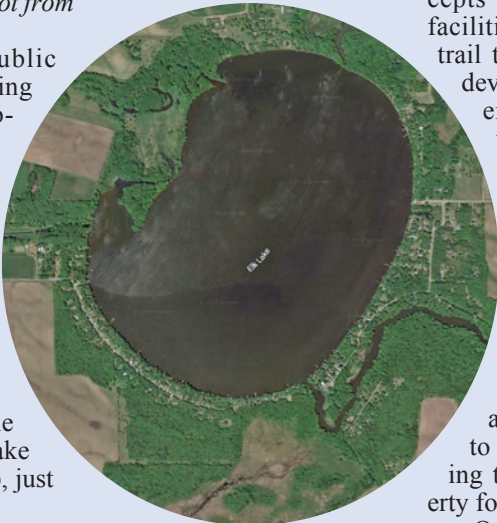

### Submitted Article

*(Editor’s Note: The following press release was sent to the Patriot from Sherburne County).*

Following public input received during January and February, Sherburne County is now seeking the public’s input on draft master plan concepts for outdoor recreation and natural resource restoration of a potential future County Park on the shore of Big Elk Lake in Palmer Township, just north of Clear Lake.

The 430-acre property is currently in private ownership and not open for public access. The current

owners are collaborating with Sherburne County staff on the master planning process to fulfill the

wishes of the late owner, who desired that the land would become

a public park. The private property has rich historic & cultural value.

The master plan concepts identify potential facilities, amenities, and trail types that would be developed on the property over the next twenty years. Input obtained from the public will help to determine priorities and select a preferred concept that would fill gaps in recreation facilities in the county park system and allow the county to apply for state funding to acquire the property for public use.

One can choose to review the concepts and offer feedback in-person or online:

- Attend a public open house\* Thurs., April 8 from 4:30 p.m. – 7 p.m., at the Sherburne History Center, 10775 27th Ave SE, Becker, MN 55308. At the event, draft master plan concepts of the potential park property will be displayed, and you will be welcome to provide input to county staff and project consultants regarding one’s thoughts on the concepts and priorities.

\*If one plans to attend the event, RSVP for a time slot at this link: <https://www.signupgenius.com/go/4090E4AA4AE-28A4FF2-public>.

One can also find the sign up link on the County Parks website: <https://www.co.sherburne.mn.us/604/Parks-Recreation>.

Plan to follow current COVID-19 guidelines for safety, including wearing masks and social distancing.

An online method for reviewing the concepts and providing input will be available in early April. Check the county’s website in early April for information on how to provide input online.

The master planning process is expected to be complete in June of 2021. Stay up to date on the project process by checking the county’s website: <https://www.co.sherburne.mn.us/604/Parks-Recreation>.

## Hornets start Bass Fishing Teams

By Bill Morgan  
Editor/Staff Writer  
Reporter.Bill@PatriotNewsMN.com

Big Lake just recently formed their very own Bass Fishing teams (junior and high school) under the guidance of the Becker Bass Fishing team, who have spent the last five years developing a successful club.

Big Lake's junior Bass team is geared for second through seventh grade anglers. They will be focusing on introducing kids to the sport of bass fishing while developing their fishing skills.

The high school team will be focused on developing the skills necessary to compete at local and state fishing tournaments. The squad consists of eighth - 12th grade anglers.

Four fishing fanatic adults have stepped forward to

lead the teams in Noel Krebs, Jason Parks, Kris Knodle and Lawrence Luoma. The coaches plan to focus on recruiting and building their team, and their ultimate goal is to get kids out fishing!

Some topics the coaches plan on covering this year include safety (boating, personal, weather), environment (invasive species), Bass fishing, equipment and tournaments (preparation and execution).

The coaching team is always looking for coaches, speakers, guests, boat captains, guides, and teachers! Good stories are welcome too.

Interested in helping? One doesn't need a fancy bass boat or be a pro fisherman. Just spending time with kids on the water is the goal. They invite anyone interested to attend their

meetings, learn, and get better at fishing. They promise all will have fun and enjoy this experience!

**Sunday March 14**

Parent Information and Registration night at Big Lake High School's Lecture Hall. Enter at Door B. At 4 p.m., the informational meeting will commence with registration following, which is due by March 31.

The season starts in April of each year and runs year 'round. Most activities, local lake events and tournaments are finished in September.

Registration fee is \$125 + \$100 volunteer fee (one per family). Registration includes a team fishing jersey, a team hat, TBF/SAF annual dues and tournament fees, team product discounts from participating manufacturers and sponsors, local tournaments / winter contest/ competitions and prizes along with awesome fishing and volunteer opportunities!

Send the Hornet Bass team an email for additional information and application: [biglakebassteam@gmail.com](mailto:biglakebassteam@gmail.com).

## Gymnasts gearing up for sections

By Bill Morgan  
Editor/Staff Writer  
Reporter.Bill@PatriotNewsMN.com

The Big Lake Hornet gymnastics team competed against St. Francis March 4 and both the varsity and JV squads came home with victories.

Varsity finished the conference season 6-1 and second place in the Mississippi 8 Conference. JV finished the season 7-0 and in first place in the M8C. Both teams also had their season high team scores versus St Francis with varsity scoring a 144.875 and JV scored a 135.05.

"We are confident with where our girls are at and where they are trending heading into sections," said Co-Head Coach Lanny Goldsmith. "We've had to rest some girls due to injuries and other circumstances this season but that has given other girls opportunities to gain experience."

Goldsmith said the girls will take the next week or so to work on cleaning up their skills and routines for their section meet, which is at Big Lake High School, Sat. March 20.

"Our coaches couldn't be prouder of this team for their dedication, determination and grit that it's taken to overcome many obstacles this season which has been unlike any other," said Goldsmith.

Varsity is ranked #2 in the latest Class A state rankings.

**Varsity Vault**

## 5 hobbies to keep your body and mind healthy and happy

StatePoint

As the pandemic continues to restrict many of the places you are able or inclined to go, finding ways to stay active is important for keeping the body and mind healthy and happy. Here are some ideas for new hobbies to try.

• Learn a language: Bonjour! ¡Hola! With an array of online language classes and tutorials available at your fingertips,

learning a new language is more accessible than ever. Start now while you fantasize about a post-pandemic vacation overseas.

• Play an instrument: Learning to play an instrument is not only a great distraction for the current moment, it can provide you with years of joy as your skill develops. Consider starting your musical journey on a Casiotone keyboard. By connecting the keyboard to the free

Chordana Play app, you can easily learn to play your favorite songs from downloaded MIDI files. Once you've mastered the instrument, the portability of the keyboard will come in handy, whether you play solo or join a band.

• Become a home chef: From sushi to soufflé to dumplings, there are likely a range of dishes you have never attempted making at home. Tackle your culinary bucket list, one-by-one.

• Go hiking: There is no better hobby for staying fit and communing with nature than hiking, which works every muscle of the body, boosts cardiovascular health and even improves mood and mental well-being. Track your hike using a wearable tech tool geared for outdoor enthusiasts, such as a watch from the Casio's Pro Trek line. Quad Sensor technology packs all the measurements you need into one compact hiking

watch, including a compass, altitude/barometer and temperature measurements, along with an accelerometer that tracks step count. Calorie calculations use both step count and altitude information to take upgrades and downgrades into consideration, and data is recorded by the Pro Trek connected app.

• Volunteer: At a time when many people are struggling, consider volunteering your time to serve

those in need. There are plenty of safe, socially distant volunteer opportunities, from delivering meals to the homebound, to video conferencing with socially isolated seniors to helping boost adult literacy via remote tutoring.

Amid the ongoing pandemic, staying busy and positive may take creativity. However, discovering new hobbies and pursuits you love can nurture the body, mind and soul.

# 2020 Delinquent Tax List

DELINQUENT TAX LIST				Names of Owners, Taxpayers & Interested Parties	Description of Property	Tax Year	Total Tax + Penalties
The following table contains a list of Real Property located in Sherburne County on which taxes and penalties became delinquent on January 2, 2021. County cost and interest calculated from January 1, 2021 are included in the amounts listed below, and must be paid along with total tax and penalties in order for a parcel of Real Property to be removed from the delinquent tax list.							
Individuals that own homestead property, and are in the federal active military or other qualified duty service are eligible for a four month grace period during which no penalties will be assessed for late payment of property taxes. Qualified taxpayers appearing in the delinquent tax list that have not applied may do so by providing a signed copy of their service orders or form DD214 that proves that the taxpayer was on active service on the date the payment was due. To file, determine eligibility, or for more information, contact your county Auditor/Treasurer's office at 763-765-4350.

## Sherburne County Public Notices

### RESOLUTION ORDERING THE RAZING OF A HAZARDOUS PROPERTY LOCATED AT 25457 167th STREET NW, BIG LAKE, MINNESOTA Sherburne County Board of Commissioners

Date: March 2, 2021

Number: 030221-AD-2029

WHEREAS, pursuant to Minn. Stat. §§ 463.15, *et. seq.*, the Sherburne County Board of Commissioners finds that the property located at 25457 167th Street NW, Big Lake, Minnesota, and identified with PID Nos. 35-409-1332, 35-409-1334, 35-409-1314 and 35-409-1316 (the "Property") is a hazardous property for the following reasons:

- The Property is owned by Joel Nohr, who passed away in 2013. The Property does not appear to have been disposed of by will and the County is unaware of any surviving spouse or children. The Property therefore appears to have passed to Joel Nohr's surviving parent, Leroy Nohr, pursuant to Minn. Stat. § 524.2-103(2). The County Auditor has been sending the tax statements for the Property to Leroy Nohr for several years.
- The property consists of four separate tax parcels. One of the parcels included a single family home and several dilapidated structures are also located on the property.
- Brian Nohr, Joel Nohr's brother, has been residing at the property.
- There have been solid waste, zoning and public health violations on the property for several years.
- County staff inspected the Property in 2020 and observed solid waste throughout much of the Property. Staff observed rotting food outside on the Property with flies and maggots and buckets of human waste outside on the Property. Staff could not locate a septic system tank on the property due to the amount of solid waste covering the ground.
- On or about December 30, 2020, a fire destroyed nearly all of the single family residence on the Property.
- In January 2021, the Sherburne County Building Official inspected the Property and determined that the residential structure is unsafe and must be demolished.
- The Building Official found that:
  - Extensive fire damage to the entire structure. It appeared that no portion of the structure was spared.
  - The roof had collapsed on a majority of the house and the remaining portion of the roof trusses were heavily charred.
  - The remaining supporting walls have been compromised from the fire and are laterally unsupported.
  - The electrical and plumbing systems have been destroyed by the fire.
  - The site is unsecured creating an unsafe situation that is dangerous to human life.
- The Building Official determined that the structure cannot be repaired or salvaged and therefore must be demolished.
10. The property is a hazardous property as defined by Minn. Stat. § 463.15, subd. 3 based on the unsafe and unsanitary conditions on the property. Specifically, the remains of the burned structure are structurally unsafe and have not been removed or secured means that the structure is a public nuisance and threat to human life. In addition, the accumulation of rotting food, buckets of human waste, the lack of any evidence of a functioning septic system and the accumulation of large amounts of solid waste on the Property create unsanitary conditions that are dangerous to public health.

WHEREAS, the conditions listed above are further documented in the report of the Sherburne County Building Official and the January 5, 2021 County Inspection Report, copies of which are attached to this resolution.

NOW, THEREFORE, BE IT RESOLVED BY THE SHERBURNE COUNTY BOARD OF COMMISSIONERS, AS FOLLOWS:

- That pursuant to the foregoing findings and in accordance with Minn. Rule 1300.0180 and Minn. Stat. §§ 463.15 to 463.26, the Board orders the record owner and all occupants of the above hazard-ous property to make the following corrections on the property identified as PID Nos. 10-122-2251 and 10-122-2255 and with a street address of 16768 205th Avenue NW, Big Lake, Minnesota:
  - The owner and all occupants must immediately vacate the property until a septic disposal sys-tem is installed on the property that complies with State law and County ordinances. No person may dispose of raw sewage directly on to the ground
  - The owner shall demolish the burned structure and remove the remnants from the Property, leaving the Property free of all debris, in compliance with all applicable codes and regulations, pursuant to proper permits from the County. This must be completed within 30 days after the service of this Order.
  - The owner shall remove all items of solid waste from the Property. This must be completed within 30 days after the service of this Order.
- The County Board may extend the time to remove the hazards identified in section 1(b) and (c) for good cause shown by the property owner.
- That a motion for summary enforcement of the order will be made to the Sherburne County District Court unless corrective action is taken, or unless an answer is filed within the time specified in Minn. Stat. § 463.18, which is 20 days.
- That in accordance with Minn. Stat. § 463.24, the owner or occupant must remove all personal property and/or fixtures that will reasonably interfere with the work within 30 days after this order is served upon the property owner. If the property and/or fixtures are not removed and the County en-forces this order, the County may sell personal property, fixtures, and/or salvage materials at a public auction after three days posted notice, as provided by Minn. Stat. §§ 463.21 and 463.24
- That if the County must take actions to enforce this order, all enforcement costs will be specially assessed against the property and collected in accordance with Minn. Stat. §§ 463.22, 463.161, and 463.21.
- That this Order shall be served upon the owner of the Property, all lien-holders of record, and all occupants found on the Property.
- That the County Attorney is authorized to proceed with the enforcement of this order as provided in Minn. Stat. §§ 463.15 to 463.251.

Adopted by the Sherburne County Board of Commissioners on 3/2/2021.

Approved:

/s/ Raeanne Danielowski, Board Chair

Attested:

/s/ Bruce A Messelt, County Administrator

### Sherburne County Board of Commissioners Community Health Board Meeting Minutes November 17, 2020

#### The Chair Opened the Community Health Board Meeting.

- Fobbe/Burandt approved the Community Health Board Minutes as presented with a 4-0 vote: September 22, 2020
- Dolan/Burandt approved the Community Health Board Agenda as presented with a 4-0 vote.

#### Community Health Board Regular Agenda

#### COVID-19 Pandemic Outbreak and County Response.

Amanda Larson, Director of HHS

- County Staff provided the Board with an update on the COVID-19 Pandemic and the County's response. Highlighted areas were an analysis of Sherburne County cases, State updates from the Governor on gatherings, and an update on the vaccine planning. County Administrator Bruce Messelt provided an update to the group on what the County has been implementing to help protect from COVID-19 such as encouraging all gatherings to be virtual, practicing social and physical distancing, cleaning and adjusting staffing assignments. Future possible procedures were also discussed.

#### CHS Administrators Report.

Amanda Larson, Director of HHS

- HHS Director Amanda Larson presented the CHS Administrator's Report to the County Board. Updates were provided on the CHS Administrator position, Public Health Advisory Committee, Tobacco Free grounds enforcement, and the Wellness Van.

#### The Chair adjourned the Community Health Board Meeting at 11:50am.

/s/ Raeanne Danielowski, Chairperson

/s/ Bruce Messelt, County Administrator

(Published in the *Patriot*: 03/20/21).

### Sherburne County Board of Commissioners Community Health Board Meeting Minutes January 19, 2021

#### The Chair Opened the Community Health Board Meeting.

- Dolan/Schmiesing unanimous to approve the Community Health Board Agenda as presented.

#### Community Health Board Consent Agenda

- Schmiesing/Fobbe unanimous to approve the Community Health Board Consent Agenda as presented.

#### Authorization to move Three Part-Time Public Health Staff to Full-Time (Temporary Increase).

Amanda Larson

- Approved to authorize moving three Part-Time Public Health Staff to Full-Time (Temporary Increase). Increase not to exceed the amount of \$37,579.00. It is anticipated at least of portion of this additional expense will be eligible for grant funding and/or reimbursement from available federal and state COVID-19 response funds.

#### Community Health Board Regular Agenda

#### Consider Appointment of New Community Health Services Administrator.

Amanda Larson

- Schmiesing/Fobbe unanimous to approve the appointment of Nicole A. Ruhoff as the new Sherburne County Community Health Services Administrator and designate the same as the Board's agent, as per Minnesota Statute 145A.04, Subd. 2, effective January 19, 2021.

#### COVID-19 Update and County Response and CHS Administrator's Report

Amanda Larson, Bruce Messelt, County Administrator, Dan Weber, Assistant County Administrator

- HHS Director Amanda Larson provided the Board with an update on COVID-19 vaccines and vaccination clinics, dispensary phases, and updates on who can get vaccinated under the updated phases. Assistant County Administrator updated the Board on the Business Relief Funding and its distribution efforts.

#### The Chair adjourned the Community Health Board Meeting at 10:40am.

/s/ Raeanne Danielowski, Chairperson

/s/ Bruce Messelt, County Administrator

(Published in the *Patriot*: 03/20/21).

**NOTICE OF INFORMAL  
APPOINTMENT OF CO-PERSONAL REPRESENTATIVES  
AND NOTICE TO CREDITORS (INTESTATE)**

Notice is given that an application for informal appointment of co-personal representatives has been filed with the Registrar. No will has been presented for probate. The application has been granted.

Notice is also given that the Registrar has informally appointed Caleb C. MacDiarmid, whose address is: 14474 186th Avenue NW, Elk River, Minnesota 55330, and Spencer E. MacDiarmid, whose address is: 14474 186th Avenue NW, Elk River, Minnesota 55330, as Co-Personal Representatives of the Estate of the Decedent. Any heir or other interested person may be entitled to appointment as personal representative or may object to the appointment of the Co-Personal Representatives. Unless objections are filed with the Court (pursuant to Minnesota Statutes section 524.3-607) and the Court otherwise orders, the Co-Personal Representatives have full power to administer the Estate including, after 30 days from the date of issuance of letters, the power to sell, encumber, lease or distribute real estate.

Any objections to the appointment of the Co-Personal Representatives must be filed with this Court and will be heard by the Court after the filing of an appropriate petition and proper notice of hearing.

Notice is also given that (subject to Minnesota Statutes section 524.3-801) all creditors having claims against the Estate are required to present the claims to the Co-Personal Representatives or to the Court Administrator within four months after the date of this Notice or the claims will be barred.

**NOTICE AND ORDER  
FOR HEARING ON PETITION FOR PROBATE OF WILL AND APPOINTMENT OF PERSONAL REPRESENTATIVE AND NOTICE TO CREDITORS**

It is ordered and notice is given that on 5/13/2021, at 1:50pm, a hearing will be held at Sherburne County Courthouse, 13880 Business Center Dr, Elk River, MN 55330 for the formal probate of a document that is claimed to be the original Will of the Decedent, dated 10/16/2006; and for the appointment of Stacey McDevitt, 28715 143rd St NW, Zimmerman, MN 55398 as Personal Representative of the Estate of the Decedent in an UNSPECIFIED (supervised/unsupervised) administration.

Any objections to the petition should be filed with the Court prior to or raised at the hearing. **NOTE:** You will need to pay a filing fee when you file the objection. If you cannot afford the fee, you can ask for a fee waiver (see <http://mncourts.gov/GetForms.aspx?c=19&p=69>).

If proper and if no objections are filed or raised, the Personal Representative will be appointed with full power to administer the Estate including the power to collect all assets, to pay all legal debts, claims, taxes and expenses, to sell real and personal property, and to do all necessary acts for the Estate.

Notice is also given that (subject to Minn. Stat. § 524.3-801) all creditors having claims against the Estate are required to present the claims to the Personal Representative or to the Court Administrator within four months after the date of this Notice or the claims will be barred.

**STATE OF MINNESOTA  
DISTRICT COURT  
COUNTY OF SHERBURNE  
TENTH JUDICIAL DISTRICT  
Court File No.: 71-PR-20-187  
In Re: Estate of  
Dorothy Grace Hinrichs,  
Decedent.**

**NOTICE OF INFORMAL  
PROBATE OF WILL AND INFORMAL APPOINTMENT OF PERSONAL REPRESENTATIVE AND NOTICE TO CREDITORS**

Notice is given that an Application for Informal Probate of Will and Informal Appointment of Personal Representative was filed with the Registrar, along with a Will dated September 23, 1985. The Registrar accepted the application and informally appointed Richard B. Hinrichs, whose address is 161 Mount Curve Avenue, Big Lake, Minnesota 55362, to serve as the personal representative of the Decedent’s estate.

Any heir, devisee or other interested person may be entitled to appointment as personal representative or may object to the appointment of the personal representative. Any objection to the appointment of the personal representative must be filed with the Court, and any properly filed objection will be heard by the Court after notice is provided to interested persons of the date of hearing on the objection.

Unless objections are filed, and unless the Court orders otherwise, the personal representative has the full power to administer the estate, including, after thirty (30) days from the issuance of letters testamentary, the power to sell, encumber, lease, or distribute any interest in real estate owned by the Decedent.

Notice is further given that, subject to Minn. Stat. § 524.3-801, all creditors having claims against the Decedent’s estate are required to present the claims to the personal representative or to the Court within four (4) months after the date of this notice or the claims will be barred.

PROBATE DIVISION  
COURT FILE NO. 71-PR-21-34  
In Re: Raymond Frank Novak,  
Decedent.**

**NOTICE OF INFORMAL  
PROBATE OF WILL AND APPOINTMENT OF PERSONAL REPRESENTATIVES AND NOTICE TO CREDITORS**

**NOTICE IS GIVEN** that an application for informal probate of the Decedent’s will dated September 3, 2020 has been filed. The Application has been granted.

**NOTICE IS ALSO GIVEN** that Frank Thomas Novak, 617 Falcon Lane, Zimmerman, MN 55398 and Denise Mary Jor-

gensen, 8905 176th Ave NW, Ramsey, MN 55303 have been formally appointed as Personal Representatives of the Estate of the Decedent. Any heir, devisee or other interested person may be entitled to appointment as Personal Representative or may object to the appointment of the Personal Representative. Unless objections are filed with the Court pursuant to Minn. Stat. § 524.3-607 and the Court otherwise orders, the Personal Representative has full power to administer the Estate including, after 30 days from the date of issuance of letters, the power to sell, encumber, lease or distribute real estate.

Any objections to the probate of the Will or appointment of the Personal Representative must be filed with this Court and will be heard by the Court after filing of an appropriate petition and proper notice of hearing.

**NOTICE IS ALSO GIVEN** that subject to Minn. Stat. § 524.3-801 all creditors having claims against the Estate are required to present the claims to the personal representative or to the Court Administrator within four months after the date of this Notice or the claims will be barred.

## Foreclosures

**NOTICE OF ASSOCIATION  
LIEN FORECLOSURE SALE**  
WHEREAS, default has been made in the terms and conditions of the Declaration of Harrison’s Cove Homeowners Association (henceforth the Declaration) dated August 11, 2003 and recorded in the office of the County Recorder in and for Sherburne County, Minnesota on August 18, 2003 as Document No. 518022 which said Lien covers the following described property situated in the County of Sherburne and State of Minnesota, to-wit:

Lot 4, Block 10, Harrison’s Cove, CIC No. 39, according to the plat thereof on file and of record in the Office of the Sherburne County Recorder.  
Street Address: 677 Independence Drive, Big Lake, MN  
PID #65-520-1008

WHEREAS, pursuant to said Declaration, there is claimed to be due and owing as of the date of this Notice by Nicole Nelson as unit owner to Harrison’s Cove Homeowners Association, the principal amount of Three Thousand Two Hundred Fifty-five Dollars and No/100 (\$3,255.00) for assessments through March, 2021; and no action being now pending at law or otherwise to recover said debt or any part thereof, and;

WHEREAS, pursuant to said Declaration, said debt creates a lien upon said premises in favor of Harrison’s Cove Homeowners Association.

NOW, THEREFORE, notice is hereby given that by virtue of the power of sale created by statute, said lien will be foreclosed by the sale of said premises with the

hereditaments and appurtenances, which said sale will be made by the Sheriff of Sherburne County, Minnesota at Sheriff’s Main Reception in the Sherburne County Government Center, 13880 Business Center Dr. NW, Suite 100, in the City of Elk River in said County on June 3, 2021 at 10:00 a.m., at public auction to the highest bidder, for cash, to pay the amount then due for said assessments, together with the costs of foreclosure, including attorney’s fees as allowed by law. The time allowed by law for redemption by the unit owner, her personal representatives or assigns, is six (6) months from the date of said sale.

**TIME AND DATE TO VACATE PROPERTY:** If the real estate is an owner-occupied single family dwelling, unless otherwise provided by law, the date on or before which the unit owners must vacate the property if the lien is not reinstated under section 580.30 or the property is not redeemed under section 580.23 is 11:59 p.m. on December 3, 2021. If the foregoing date is a Saturday, Sunday or legal holiday, then the date to vacate the property is the next business day at 11:59 p.m.

## Summons

**STATE OF MINNESOTA  
COUNTY OF SHERBURNE  
TENTH JUDICIAL DISTRICT  
Court FILE NO. 71-FA-20-108  
Case Type: Dissolution without Children  
Summons Without Real Estate  
In Re the Marriage of:  
Yasmin Ismail,  
Petitioner  
and  
Guled Hassan Mohamud,  
Respondent**

THE STATE OF MINNESOTA TO THE ABOVE-NAMED RESPONDENT:  
**WARNING: Your spouse has filed a lawsuit against you for dissolution of your marriage. A copy of the paperwork regarding the lawsuit is served on you with this summons. This summons is an official document from the court that affects your rights. Read this summons carefully. If you do not understand it, contact an attorney for legal advice.**

1. The Petitioner (your spouse) has filed a lawsuit against you asking for a dissolution of your marriage (divorce). A copy of the *Petition for Dissolution of Marriage* is attached to this Summons.  
2. You must serve upon Petitioner and file with the Court a written *Answer to the Petition for Dissolution of Marriage* and you must pay the required filing fee. *Answer* forms are available from the Court Administrator’s office. You must serve your *Answer* upon Petitioner **within thirty (30) days** of the date you were served with this *Summons*, not counting the day of service. If you do not serve and file your Answer, the Court may give your spouse everything he or she is asking for in the *Petition for Dissolution of Marriage*.  
3. This proceeding does not involve real property.

**NOTICE OF TEMPORARY  
RESTRAINING PROVISIONS**  
Under Minnesota law, service of this summons makes the following requirements apply to both parties to the action, unless they are modified by the court or the proceeding is dismissed:

(1) Neither party may dispose of any assets except (a) for the necessities of life or for the necessary generation of income or preservation of assets, (b) by an agreement of the parties in writing, or (c) for retaining counsel to carry on or to contest this proceeding.  
(2) Neither party may harass the other party.  
(3) All currently available insurance coverage must be maintained and continued without change in coverage or beneficiary designation.

(4) Parties to a marriage dissolution proceeding are encouraged to attempt alternative dispute resolution pursuant to Minnesota law. Alternative dispute resolution includes mediation, arbitration and other processes as set forth in the district court rules. You may contact the court administrator about resources in your area. If you cannot pay for mediation or alternative dispute resolution, in some counties, assistance may be available to you through a non-profit provider or a court program. If you are a victim of domestic abuse or threats as defined in Minnesota Statutes, Chapter 518B, you are not required to try mediation and you will not be penalized by the court in later proceedings.

**IF YOU VIOLATE ANY OF THESE PROVISIONS, YOU WILL BE SUBJECT TO SANCTIONS BY THE COURT.**

## Obituaries

**ROBERT “BOB” W. WEIAND, AGE 88  
BECKER, MN  
MAY 14, 1932 – MARCH 11, 2021**

Mass of Christian Burial was held, Tuesday, March 16, 2021 at Mary of the Vis-

itation Catholic Church in Becker for Robert “Bob” W. Weiand, 88 of Becker who passed away surrounded by his loving family on Thursday, Rev. Michael Kellogg officiated and burial was at Immaculate Conception Catholic Cemetery in Becker. Arrangements were entrusted to Williams Dingmann Family Funeral Home in Becker.

Robert Wendlin Weiand was born on May 14, 1932 in Blue Grass, ND to Peter M. and Barbara (Schwartz) Weiand. He worked as a farmer, until he served his country in the United States Army during the Korean War from 1952 – 1954. After his service, he continued work on the family farm for two years. On November 14, 1956 he married Elda Link in Beulah, ND. Bob worked in construction as a concrete supervisor and heavy equipment operator for Northern Improvement until his retirement in 1994. Bob was a member of Mary of the Visitation Catholic Church in Becker and participated in the Knights of Columbus. He was also a member of the West Fargo VFW Arthur P. Jones

Post 7564, the Operating Engineers Local 49 and the St. Cloud Eagles Club Aerie 622.

Bob enjoyed woodworking and he created so many benches, other furniture items and keepsakes. He was strong willed, but light hearted and liked to joke around. In his later years, he loved being active at the

Becker Area Senior Center with his “cronies”.

Survivors include his daughters, Linda (Frank, Jr.) Kasowski of Becker and Debbie Weiand of St. Cloud; grandchildren, Frankie (Tera) Kasowski III, Robert (Kia) Kasowski and Alex Kasowski; great grandchildren, Samuel, Jacob, Elijah & Caleb Kasowski and Bella & Wesley Kasowski; and siblings, Edwin, Frances “Jeanette” Fritz, and Elizabeth “Betty” Ziegler all of Bismarck, ND. He was preceded in death by his parents; wife, Elda on June 10, 2012; brothers, Richard and Leonard; sisters, Annie Heier, Eleanor Borchers, Marcella Schumacher and Dorothy Hoffman; infant sisters, Sophie and Clara; and brother-in-law, Ernest Fritz.

**MARK M. GUTKNECHT, AGE 53  
CLEARWATER, MN  
APRIL 26, 1967 – MARCH 12, 2021**

Mark died peacefully, yet unexpectedly, on Friday, March 12, 2021 at his home.

Public visitation was held on Tuesday, March 16, 2021 at the Dingmann Funeral Care Chapel, Kimball. A private funeral service was held on Wednesday. Burial was at Concordia Lutheran Cemetery, Fairhaven. The service was livestreamed on the funeral home website.

Mark Marvin Gutknecht was born April 26, 1967 in St. Cloud, Minnesota to Marvin and MaryJane (Cleveland) Gutknecht. Mark grew up in Fairhaven Township and attended school in Kimball. He was baptized and confirmed at Concordia Lutheran Church in Fairhaven. Over the years, Mark worked as an auto mechanic for Stuve Auto Ranch, New Flyer, and out of his garage. On July 11, 1987 he was united in marriage to Roxanne Schreiner at Concordia Lutheran Church. They made their home in rural Clearwater where they raised their children. He was a member of CWA Local 7304 and an avid supporter of the Clearwater American Legion Post 323. Mark loved spending time in the outdoors, whether it be hunting, fishing, camping, splitting wood, or telling stories around a fire. He liked

to attend demolition derbies, shoot pool, and give friends and family a hard time in his

garage. His greatest pride was his family, especially his grandchildren.

Mark is survived by his wife of 33 years, Roxanne of Clearwater; children, Chris Gutknecht (Alissa Dunn) of Albany, Amanda (Ben)

Scadden of Maple Lake, Ashley (Mitchell) Donahue of Litchfield, and Justin Jacobs (Emily Navratil) of Silver Lake; grandchildren, Airen and Tucker Gutknecht, Evelin and Izak Klemmer, Lyla and Owen Scadden, Mikila Rech, and Valarie Donahue; sisters, Nancy Schreiner of St. Cloud, and Linda (Dan) Rosenow of Fairhaven; and nieces, nephews, other family members and friends. He was preceded in death by his parents, Marvin and MaryJane; and grandparents, Herman and Martha Gutknecht, and Arthur and Elsie Cleveland.

Mark’s children will serve as pallbearers. Mary Messina will serve as the Life Tribute Celebrant. Arrangements are entrusted with Dingmann Funeral Care Burial & Cremation Services of Kimball.

## DRIVES TRAFFIC AND SALES TO ADVERTISERS

Native advertising through newspapers gives advertisers the opportunity to promote their company's new developments in harmony with the medium's tone and voice. When consumers regularly subscribe to certain newspapers or magazines, your ad can be shaped to fit into that voice so you can get a better bang for your buck. By naturally flowing into the format of trusted newspapers and magazines, you can drive traffic and sales to your business.

**“ASK A TROOPER”** by Sgt. Jesse Grabow of the Minnesota State Patrol

**Question:** Is it legal to jump out of a moving vehicle?

**Answer:** One of the more unusual questions I’ve been asked. A person in a moving motor vehicle must be wearing their seat belt and if you are wearing your seat belt properly, you would not be able to jump out of the vehicle.

Riding in a vehicle unbelted is extremely dangerous as it’s your first line of defense in a crash. You might be the safest driver, but those around you could be conducting dangerous driving behaviors.

Unbelted motorists lost their lives at a high rate in 2020 with 102 unbelted motorists losing their lives compared with 73 in 2019. The 102 deaths were the most unbelted fatalities since 2014 (106).

**Minnesota’s Primary Seat Belt Law**  
Minnesota law states that drivers and passengers in all seating positions must be buckled up or seated in the correct child restraint. Officers will stop and ticket unbelted drivers or passengers. Seat belts must be worn correctly — low and snug across the hips, and shoulder straps should never be tucked under an arm or behind the back.

Law enforcement will stop and ticket unbelted drivers or passengers — including those in the back. A seat belt violation can cost more than \$100.

Seat belt enforcement of this law begins with the motorist — Drive smart and insist passengers are buckled up

*If you have any questions concerning traffic related laws or issues in Minnesota, send your questions to Trp. Jesse Grabow – Minnesota State Patrol at 1000 Highway 10 West, Detroit Lakes, MN 56501-2205. (You can follow him on Twitter @MSPPIO\_NW or reach him at, jesse.grabow@state.mn.us).*

## TARGETING A SPECIFIC AUDIENCE

Besides ad placement in sections near similar content, local newspaper advertising can target a specific audience in other ways. For example, newspapers often have special sections, releases and inserts that target audiences based on events such as a holiday or season, specific geographic areas such as a street or neighborhood or specific groups of people such as ethnic groups or college students.

## BRIDGE THE GAP TO A BETTER FUTURE Help Us Build Strong Communities!

We are a third generation, family-owned construction company that was founded in 1926 by three Duinink brothers. While our capabilities have expanded over the years, our values-based approach to each project has remained the same – we start with great relationships, do quality work, and honor our commitments. We hire the best in the field and we are committed to providing our employees with opportunities to grow in their jobs. We believe in supporting the communities we serve, investing in people, and living our values every day.
